not all I have interview winemakers family members etc and I have tried to reflect with their own words what is their winery and wines about As a result you will find in several winery descriptions that they consider their area to be exceptional and it is for them so I have respected their views mostly because they tend to be right It does not matter how many wineries I visit I have always been treated fantastically by kind generous people another characteristic of Rioja I wanted to finish this introduction by thanking again to all those wineries that even though being very busy some of them even liaised with me during harvest time they found the time to speak to me send me information send me photographs and sometimes share a few glasses of wine together
