and grew defining itself less by centralized programs and ideals than by administrative innovation and the small scale personal interactions generated by community action programs investigative commissions and police community relations projects Paying particular attention to the fine grained experiences of Newark residents Krasovic reveals that this liberalism was rooted in an ethic of experimentation and local knowledge He illustrates this with stories of innovation within government offices the dynamic encounters between local activists and state agencies and the unlikely alliances among nominal enemies Krasovic makes clear that postwar liberalism s eventual fate had as much to do with the experiments waged in Newark as it did with the violence that rocked the city in the summer of 1967 **Missouri Historical Review** Francis Asbury Sampson,1977 *Writing a Book That Makes a Difference* Philip Gerard,2000-03 Philip Gerard analyses books that make a difference fiction and non fiction classic and contemporary and identifies the elusive ingredients that work together to produce a book that changes minds and lives The Quill ,1979 **The Book Review** ,1998 **Signal Journal** ,2006 *Program* Organization of American Historians.
