## **Rise And Fall Of The City Of Mahogany:**

*David Bowie* Eoin Devereux, Aileen Dillane, Martin Power, 2015-03-24 *David Bowie Critical Perspectives* examines in detail the many layers of one of the most intriguing and influential icons in popular culture. This interdisciplinary book brings together established and emerging scholars from a wide variety of backgrounds including musicology, sociology, art history, literary theory, philosophy, politics, film studies, and media studies. Bowie's complexity as a singer, songwriter, producer, performer, actor, and artist demands that any critical engagement with his overall work must be interdisciplinary and wide-ranging in its scope. The chapters are organised around the key themes of textualities, psychologies, orientalisms, art and agency, and performing and influencing in Bowie's work. This comprehensive book contributes a great deal to the study of popular music, performance, gender, religion, popular media, and celebrity.

**A Theology of Nonsense** Josephine Gabelman, 2017-10-26 There is within all theological utterances something of the ridiculous, perhaps more so in Christianity given its proclivity for the paradoxical and the childlike. Few theologians are willing to discuss how consent to the Christian doctrine often requires a faith that goes beyond reason. There seems to be a fear that the association of theology with the absurd will give fuel to the sceptic's refrain: 'You can't seriously believe in all that nonsense.' Josephine Gabelman considers the legitimacy of the sceptic's objection and explores the possibility that an idea can be contrary to rationality and also true and meaningful using the systematic analysis of central stylistic features of literary nonsense such as Lewis Carroll's *Alice* stories. Gabelman sets up a nonsense theology by considering the practical and evangelical ramifications of associating Christian faith with nonsense literature and conversely the value of relating theological principles to the study of literary nonsense. Ultimately Gabelman says faith is always a risk and a strictly rational apologetic misrepresents the nature of Christian truth.

**Hitler's War Poets** Jay W. Baird, 2008 Jay W. Baird demonstrates how poets and writers responded enthusiastically to Hitler's summons to artists to create a cultural revolution commensurate with the political radicalism of the new state.
