American Democracy and the Pursuit of Equality Merlin Chowkwanyun,Randa Serhan,2016-01-08 This collection assembles some of the country s foremost social scientists in one volume It contains diverse investigations of metropolitan transformation recent education policy the in justice of disaster relief the politics of aesthetics and design immigration the mass media social movements and the practice of social science itself among others Whatever their subjects the writers investigate the promise and constraints of democratic practice in a time of disturbing growth in inequality and political disempowerment Although they at times differ from one another more often they challenge popular received wisdom on a number of these topics Cumulatively the volume amounts to a critical sociological excavation of the United States from its leading social critics that will prove useful to specialists and general readers alike **Yard, Street, Park** Cynthia L. Girling,Kenneth I. Helphand,1996-11-06 This insightful analysis of the history of suburban development takes a hard look at more than a century of suburban planning and analyzes developer designed suburbs Most importantly it offers a dynamic approach to suburban development rooted in historical examples and based on open space planning methods that can be applied to new or existing developments **City of Segregation** Andrea Gibbons,2018-09-18 City of Segregation traces the central role racism has played in shaping modern Los Angeles as it has shaped all US cities Andrea Gibbons documents one hundred years of struggle against the enforced separation of racial groups through property markets constructions of community and the growth of neoliberalism This movement history covers the decades of work to end legal support for segregation in 1948 the 1960s Civil Rights movement and CORE s efforts to integrate LA s white suburbs and the 2006 victory preserving 10 000 downtown residential hotel units from gentrification enfolded within ongoing resistance to the criminalization and displacement of homelessness This is a story of state supported segregation violent grassroots defense of white neighborhoods police oppression and growing political and economic inequalities In studying these conflicts and their cycles of victory and retreat City of Segregation reveals the shape and nature of the racist ideology that must be fought if we hope to found just cities **The Greening of America's Building Codes** Aleksandra Jaeschke,2022-12-20 Environmental disasters and severe weather due to climate change both triggered by human actions have had an increasingly direct impact on our homes But the way in which America builds its homes is part of the problem This deeply researched history of

sustainable design standards in building codes explores how public policy standard setting trade associations and financial incentives influence the ways in which the construction of our homes impacts the environment The Greening of America s Building Codes investigates the regulations and economic incentives meant to control the environmental impact of contemporary construction practices as it analyzes the history of residential building codes The book exposes how the socioeconomic and political forces that influenced early building code development continue to define the character of current building codes and by extension determine how we regulate environmental impact and define sustainability today More relevant than ever The Greening of America s Building Codes is a valuable tool for architects architecture students builders real estate developers and homeowners who want to understand how public policy and their own day to day decisions impact the environment

**The Zoning of America** Michael Allan Wolf,2008 Revisits the landmark case *Euclid v Ambler* in which the Supreme Court surprisingly upheld the constitutionality of local zoning laws protecting residential neighborhoods from real and perceived disturbances a decision that forever changed the way American cities and their suburbs were organized

*Real Estate Development* Mike E. Miles,Gayle Berens,Marc Allan Weiss,Urban Land Institute,2000

**Planning the Twentieth-century American City** Mary Corbin Sies,Christopher Silver,1996 Arguing that planning in practice is far more complicated than historians usually depict the authors examine closely the everyday social political economic ideological bureaucratic and environmental contexts in which planning has occurred In so doing they redefine the nature of planning practice expanding the range of actors and actions that we understand to have shaped urban development

**Shaping Suburbia** Paul G. Lewis,1996 The American metropolis has been transformed over the past quarter century Cities have turned inside out with rapidly growing suburbs evolving into edge cities and technoburbs But not all suburbs are alike In *Shaping Suburbia* Paul Lewis argues that a fundamental political logic underlies the patterns of suburban growth and argues that the key to understanding suburbia is to understand the local governments that control it their number functions and power Using innovative models and data analyses Lewis shows that the relative political fragmentation of a metropolitan area plays a key part in shaping its suburbs
