*Narratives of Injury* Rosalyn Buckland, 2024-11-29 Narratives of Injury redescribes the history of injury from the perspective of those most at risk rather than medical professionals and other outsiders Refocusing on the first hand perspectives found in literary texts and journalistic accounts it uncovers a self conscious tradition of mining stories running through nineteenth century writing The book examines both non canonical authors and famous novelists including Charles Dickens Joseph Skipsey G A Henty E H Burnett George Eliot Edward Tireswell H G Wells and D H Lawrence Their narratives

revise our understanding both of injury and of the radical potential of fiction Sudden physical injuries have often been configured as fundamentally unknowable by the victims themselves particularly in studies of nineteenth century literature and culture Likewise narratives of psychological trauma have been largely understood in Cathy Caruth's words as the attempt to master what was never fully grasped in the first place Such readings privilege the reader as a necessary interpreter of physical or psychological injury By contrast Narratives of Injury reasserts the significance of patients own experiences choices and actions

The Rise of the Labour Party 1880-1945 Paul Adelman,1979      **The Labour Party and the Politics of War and Peace, 1900-1924** Paul Bridgen,2009 This rich analytical account of the Labour party's foreign policy between the party's formation and the fall of the first Labour government in 1924 demonstrates that the party's policy development during this period was far more sophisticated than has previously been considered Rejecting doctrinally rigid approaches to Labour party development the author demonstrates that many ideological currents flowed through the early Labour party and crucially that one of the strongest traditions influencing the formation of the party's post war foreign policy objectives was Gladstonian internationalism rather than the anti war Cobdenite radicalism of the UDC and its allies Before the war Labour is shown to have been actively engaged in attempts by progressives to establish ideological links between socialism radicalism and liberalism in ways appealing to the new mass electorate Thereafter it built on these traditions to help consolidate its claim to be the legitimate heir to nineteenth century radical traditions in foreign policy Book Jacket

understand current political developments in those areas It looks at issues such as relationships with the police friendly societies housing compulsory education and the extent to which Labour politicians did or did not represent the views of the poor     **British Paperbacks in Print** ,1984     **Nineteenth-century Britain, 1815-1914** Michael Willis,1990
