Risen Jesus And Future Hope:

The Risen Jesus and Future Hope Gary R. Habermas, 2003 Always be prepared wrote the apostle Peter to give an answer to everyone who asks you to give the reason for the hope that you have Reading and digesting this book will help Gary R Habermas begins his apologetic for Christianity by demonstrating the historicity of the resurrection of Christ He then connects the resurrection to several key tenets of Christian theology through paths not only historical but also philosophical counseling and experiential The resurrection Habermas shows is the central belief for every Christian whether that person believes it was an actual historical event or not But it is Habermas illustration that Jesus quite literally rose bodily from the dead that makes this book so unique The resurrection is not only the foundation for Christian belief past and present but also the basis for future hope What for instance does the resurrection of Jesus have to teach us about our own fear of death Habermas answers to this and other questions proves how essential the resurrection is to living a Christian life and gives us great hope for the future Mercer Dictionary of the Bible Watson E. Mills, Roger Aubrey Bullard, 1990 Jesus Christ in History and Scripture highlights two related bases for the current revolution in Jesus studies 1 a critically chastened world view that is satisfied with provisional results and 2 a creative or poetic use of the sources of study of Jesus **Hope's Reason: a Journal of Apologetics Vol. 2 No. 1** Stephen Bedard, 2011-09-28 In an increasingly skeptical world there is now more of a need than ever for quality apologetic resources defending the Christian faith The purpose of this journal is to bridge the gap between the academy and the church equipping pastors and interested laypeople to present the Christian faith to an unbelieving world **Um Atheist zu sein, fehlt mir der Glaube** Norman Geisler, Frank Turek, 2024-01-26 Jede Weltanschauung erfordert Glauben auch diejenige die die Existenz eines Gottes ausschließt Der Atheismus ist darum letztendlich ein Glaube Die Autoren dieses Buches behaupten Ein Atheist muss für seine Weltanschauung viel mehr Glauben aufbringen als ein Christ Dahinter steckt die folgende Überlegung Je weniger Beweise ein Mensch für seine Position hat desto mehr Glauben muss er aufbringen um daran festzuhalten Der Glaube deckt eine Wissenslücke ab Je mehr Hinweise für die Glaubwürdigkeit einer Theorie vorliegen desto kleiner ist die Wissenslücke und desto kleiner der Bedarf an Glaubenskraft um diese zu überbrücken Im Vergleich der Beweislagen beider Seiten stellt sich heraus dass Atheisten größere Wissenslücken haben weil sie viel weniger Beweise für ihren Standpunkt vorweisen können als Christen für ihren **Stepping Stones to Christianity** Peter S. Williams, 2025-10-17 Stepping Stones to Christianity introduces a rational case for Christianity in three steps starting with scientific arguments for design in cosmology and biology moving on to philosophical arguments for the existence of God and closing with an overview of the evidence for a Christian understanding of the historical Jesus in the context of competing contemporary worldviews By bringing together revised and expanded versions of materials written to introduce three of the author's Essays on books with Wipf Stock Stepping Stones to Christianity equips readers to consider the case for design in nature to investigate philosophical arguments for God and to wrestle with the identity of Jesus

Seeing the Light Michael J. Eckstein, John S. Knox, 2023-03-27 For every human on earth the clock is ticking towards their inevitable death Whether one lives to the oldest of ages expiring quietly or death comes suddenly with a slip on the ice or in any other of the myriad of ways people die the end of biological life is the outcome for everyone For the Christian however there is the expectation of continuation beyond this fleeting life on earth Naturalists have no such optimism and can only hope that their time on earth is a pleasant one Because Christians have a divine assurance they want to share that hope with others Still theological questions remain Can near death experiences help lead those far from Christ to him Can they be added to the repertoire of apologetic arguments for Christianity This book examines the truth surrounding near death experiences how they have been seen in human culture what the scientific community is learning about those who have near death experiences and how near death experiences can be used or not used in your evangelistic encounters **To Everyone**

an Answer Francis J. Beckwith, William Lane Craig, J. P. Moreland, 2009-08-20 In a society that believes anything goes the Christian worldview faces aggressive opposition Francis J Beckwith William Lane Craig and J P Moreland assembled the essays in this book covering all major aspects of apologetics to help you make a more coherent defense for the Christian faith
