Risks Of Faith The Emergence Of A Black Theology Of Liberation 1968 1998:

Risks of Faith James Cone, 2000-11-17 Risks of Faith offers for the first time the best of noted theologian James H Cone's essays including several new pieces Representing the breadth of his life's work this collection opens with the birth of black theology explores its relationship to issues of violence the developing world and the theological touchstone embodied in African American spirituals Also included here is Cone's seminal work on the theology of Martin Luther King Jr and the philosophy of Malcolm X and a compelling examination of their contribution to the roots of black theology Far reaching and provocative Risks of Faith is a must read for anyone interesting in religion and its political and social impact on our time

God, Race, and History Matt R. Jantzen, 2021-02-05 In crafting racial visions of the modern world European thinkers appropriated the Christian doctrine of providence constructing the idea of European humanity's rule over the globe on the model of God's rule over the universe As a powerful ordering theory of the relationship between God and creation time and space self and other the doctrine served as an intellectual framework for the theorization of whiteness as the male European subject replaced Jesus Christ as the human being at the center of world history Through an analysis of the work of G W F Hegel Karl Barth and James H Cone God Race and History examines this subversion of the Christian doctrine of providence as well as subsequent attempts within modern Protestant theology to liberate the doctrine from its captivity to whiteness It then develops a constructive political theology of providence in conversation with Delores S Williams and M Shawn Copeland discerning Jesus Christ at work through the Holy Spirit in the struggles of ordinary overlooked and oppressed human creatures to survive and to carve out a flourishing life for themselves their communities and their world [The Irony of](#)

[Barack Obama](#) R. Ward Holder, Peter B. Josephson, 2016-03-09 Drawing on the political theology of Reinhold Niebuhr described by Barack Obama as one of my favourite philosophers this book assesses the challenges facing the President during his first term It evaluates his success in adhering to Niebuhr's path of Christian realism when faced with the pragmatic demands of domestic and foreign affairs In 2008 Candidate Obama used the ideas of Hope and Change to inspire voters and secure the presidency Obama promised change not only regarding America's policies but even more fundamentally in the nation's political culture Holder and Josephson describe the foundations of President Obama's Christian faith and the extent to which it has shaped his approach to politics Their book explores Obama's journey of faith in the context of a broadly Augustinian understanding of faith and politics examines the tensions between Christian realism and pragmatic progressivism explains why a Christian realist interpretation is essential to understanding Obama's presidency and applies this model of understanding to considerations of foreign and domestic policy By combining this theological and political analysis the book offers a special opportunity to reflect on the relationship between Christian faith and statesmanship reflections that are missing from current popular discussions of the Obama presidency Through consideration of Niebuhr's models of the prophet and the statesman and the more popular alternative of the political evangelist Holder and

Josephson are better able to explain the president's successes and his failures and to unveil the Augustinian limits of the political life

The Color of Christ Edward J. Blum, Paul Harvey, 2012-09-21 How is it that in America the image of Jesus Christ has been used both to justify the atrocities of white supremacy and to inspire the righteousness of civil rights crusades In *The Color of Christ* Edward J. Blum and Paul Harvey weave a tapestry of American dreams and visions from witch hunts to web pages Harlem to Hollywood slave cabins to South Park Mormon revelations to Indian reservations to show how Americans remade the Son of God visually time and again into a sacred symbol of their greatest aspirations deepest terrors and mightiest strivings for racial power and justice *The Color of Christ* uncovers how in a country founded by Puritans who destroyed depictions of Jesus Americans came to believe in the whiteness of Christ Some envisioned a white Christ who would sanctify the exploitation of Native Americans and African Americans and bless imperial expansion Many others gazed at a messiah not necessarily white who was willing and able to confront white supremacy The color of Christ still symbolizes America's most combustible divisions revealing the power and malleability of race and religion from colonial times to the presidency of Barack Obama

African-American Religious Leaders Nathan Aaseng, 2014-05-14 Religion and spirituality have been key elements of African American life since the earliest days of the slave trade

Encyclopedia of Christianity in the Global South Mark A. Lamport, 2018-06-01 Christianity has transformed many times in its 2 000 year history from its roots in the Middle East to its presence around the world today From the mid twentieth century onward the presence of Christianity has increased dramatically in Asia Africa and Latin America and the majority of the world's Christians are now nonwhite and non Western The *Encyclopedia of Christianity in the Global South* traces both the historical evolution and contemporary themes in Christianity in more than 150 countries and regions The volumes include maps images and a detailed timeline of key events The phrases Global Christianity and World Christianity are inadequate to convey the complexity of the countries and regions involved this encyclopedia with its more than 500 entries aims to offer rich perspectives on the varieties of Christianity where it is growing how the spread of Christianity shapes the faith in various regions and how the faith is changing worldwide
