**Worship or Suicide** Oleg Dik, 2025-10-07 There is a growing unease about the perceived decay of Western civilization Intellectuals ruminate about a post liberal future and an atmosphere of dread permeates the public sphere One senses that the old is fading while the emerging order is not in sight *Worship or Suicide* offers both an account of how Western civilization came to flourish and an explanation as to why its decay was already present in its success Every civilization is rooted in foundational myths and rituals The removal of the Western roots from the Judeo Christian soil leads toward the withering of the social order Other gods move into the vacuum and transform the West into soft totalitarianism Thus the church both is responsible for social decay through its idolatry and also contains the potential for renewal Yet the solution does not lie in the instrumental use of religion Instead the church gives birth to a flourishing society paradoxically By excluding the immanent order and solely focusing upon the worship of the triune God the church unintentionally redeems society from its suicidal drive      Conviviality in Contexts of Religious Plurality Andrea Bieler, Claudia Hoffmann, Lisa Ketges, 2025-02-27 How do religious individuals communities and political institutions navigate diversity and how do they foster social cohesion This volume focuses on convivial practices in religiously diverse settings and includes theoretical

Studia Instituti Anthropos ,1990      *A Feminist Cosmology* Nancy R. Howell,2000 In this timely thoughtful book which goes to the heart of feminist concerns in the context of larger social ecological and theological issues Nancy R Howell proposes an ecofeminist worldview based on the organic relational philosophy of Alfred North Whitehead In particular the book explores the ways in which Whitehead s philosophy can help to establish interrelationships among various women s communities the relationship between humanity and nature and the theological process of relating the world to God Howell strives to develop principles that are compatible with the wide spectrum of women s voices from different racial backgrounds and social strata Specifically she moves beyond mere acknowledgment of differing perspectives within the woman s movement and seriously engages criticisms of race privileged white feminism by African American womanist and Latin American mujerista activists A Feminist Cosmology calls for a self critical reformation of feminist thought based on a more inclusive framework one that takes into account the diversity of relationships among women the deep interdependence of humanity and the ecosystem and ultimately the variety of theological perspectives relating the world to God
