Rites Of Life The Scientific Evidence For Life Before Birth:

Rites of Life Landrum Brewer Shettles, David M. Rorvik, 1983 **The Facts on Abortion** John Ankerberg, John Weldon, 2011-05-25 Answers from Science standard pro choice arguments the teaching of Scripture on abortion the physical the potential effects of abortion on siblings the moral dilemma of abortion Scientific evidence solid biblical perspective for women in crisis pastors counselors concerned Christians **Human Dignity and Contemporary Liberalism** Brad Stetson, 1998-01-21 The author of Human Dignity and Contemporary Liberalism argues that the nature and application of contemporary liberalism is significantly dissonant with the deepest inclinations and most persistent moral sentiments of human beings and it therefore distorts human self understanding and defaces human dignity This mismatch between human nature and the essence of contemporary liberalism hobbles our public life and the author suggests is the Gordian knot that must be loosed if the new millennium is to manifest a more humane and satisfying American civitas This wide ranging book begins with a discussion of certain consequences and implications of contemporary liberalism s heavy emphasis on individual rights moving into a reflection on two general categories of human dignity suggesting that there is in contemporary liberal thought a lack of clarity concerning the meaning and gravity of this concept The focus then shifts to the idea of desert or deservingness The viability of desert rightly understood is advanced as a useful general concept for understanding American public life and as an important tool for restoring a measure of common sense to our politics The second section of the book concentrates on the actual application of contemporary liberalism s values as it has occurred since the 1960s particularly in the culturally contentious areas of race and abortion Emerging from this survey is an unflattering image of a political paradigm which according to the author must be abandoned or at least radically revised if America is to strike a posture of moral intensity and genuine social understanding **The publishers weekly** , 1984 **International Review of Natural Family Planning** , 1984 **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), *Families for Good and All* Judith B. Echaniz, Janet Hutchins, Barbara Williams, Salem Faddoul, Barbara Gutowski, Jeanne Sweeney, 1989-08 **Current Catalog** National Library of Medicine (U.S.), First multi year cumulation covers six years 1965 70 **Real Family Values** Robert Lewis, 1995-03 A must read book written for parents looking for relevant biblical answers to tough family issues seeking help in rearing confident children in today s society desiring cutting edge Christian living that impacts culture *Journal of the American Scientific Affiliation* American Scientific Affiliation, 1986 *The Silent Subject* Brad Stetson, 1996-01-30 When God willing the abortion controversy is behind us partisans of the pro life and pro choice positions are going to have to live together in this society That is why sloganeering and passionate polemics are inevitable civil conversation is essential And that is why *The Silent Subject* is such a gift to all of us at this point in the controversy From the foreword by Richard John Neuhaus The essays in this work constitute a sensitive public argument for a reconstruction of the confused yet dominant popular attitudes toward nascent human life and its value Unlike most pro life

arguments it offers no strictly religious or exclusively sectarian warrants for its assertions instead bearing a more secular cast speaking to a generalized and pluralistic audience As a whole The Silent Subject embraces no specific particular political ideology Its contributors have a broad spectrum of professional interests political perspectives and social philosophies all of which indicates the fundamentally humanistic and apolitical nature of concern for the unborn and the degree to which they are esteemed This unusual book is a refreshingly candid and morally compelling analysis of the social forces that superintend our cultural outlook toward unborn human life **Fundamentalist Journal** ,1985 **Why Pro-Life?** Randy

Alcorn,2022-05-03 An updated look at one of the most crucial issues of our time Infused with compassion and grounded in science Alcorn s guide takes a hard look at tough questions including What makes life meaningful and Is abortion really a women s rights issue His clear presentation of the facts provides welcome insights for pro choicers and pro lifers alike
