Rites For A New Age Understanding The Of Alternative Services:

Eucharistic Sacramentality in an Ecumenical Context David J. Kennedy, 2016-04-22 This book explores the epiclesis or invocation of the Holy Spirit in the Eucharistic Prayer using the Anglican tradition as an historical model of a communion of churches in conscious theological and liturgical dialogue with Christian antiquity Incorporating major studies of England North America and the Indian sub Continent the author includes an exposition of Inter Church ecumenical dialogue and the historic divisions between western and eastern Eucharistic traditions and twentieth century ecumenical endeavour This unique study of the relationship between theology and liturgical text commends a theology and spirituality which celebrates the presence of the Holy Spirit in the Eucharist as present and eschatological gift It thus sets historic contemporary and ecumenical divisions in a new theological context

Anglican Confirmation 1945-2000 Phillip Tovey, 2025-06-27 The focus of this book is the theology liturgy and practice of Anglican Confirmation from 1945 to 2000 It is the third book in a series on Anglican Confirmation The first chapters look at confirmation on a global and ecumenical level How have questions about the place and performance of confirmation changed Then there is a series of case studies from North America Europe and the wider world Two chapters are on the theology and practice of the Church of England Attention is given to liturgical reform theological discussion and practice including statistics In some chapters there are case studies of individual dioceses or bishops to give snapshots of theology in action This book uses innovative visualization techniques to present data and uses textual network analysis to map the interrelationships of provinces at a liturgical level The ecumenical baptismal unity agenda from Vatican 2 and the World Council of Churches underlies the theological critique This will be of great value to those in liturgical studies church history Anglican studies and to all bishops and clergy involved in confirmation

Peter Akinola: Who Blinks First? Gbenga Gbesan, 2020-03-30 To the astonishment and dismay of Anglican leadership in the Global North Nigeria's Archbishop Peter Akinola led the Global South's revolt against the campaign to normalize homosexuality within the global Anglican communion For this he was twice recognized by Time magazine as one of the 100 Most Influential People on earth As shepherd of an immense Nigerian flock he joined arms with like minded archbishops in Africa Asia and South America to insist that the church be guided by the Bible rather than culture Here is the remarkable story of this conflict from its social beginnings in nineteenth century Germany through the renegade behavior of national churches in Canada the United States and the United Kingdom on to gatherings addressing the issues from Dromantine Northern Ireland to Kuala Lumpur Malaysia At one point Archbishop of Canterbury Rowan Williams who had been enabling the progressives challenged Archbishop Akinola We shall see who blinks first Since that day it is clear that neither Akinola nor his colleagues have blinked Indeed through the formation of GAFCON Global Anglican Future Conference and union with biblically faithful Anglicans in the Global North they are pressing their cause with an eye toward the next decennial assembly of bishops at Lambeth

Introduction to New and Alternative Religions in America: Metaphysical, New Age, and neopagan movements Eugene V. Gallagher,W. Michael Ashcraft,2006 Annotation Most new or alternative religious are gravely misunderstood by members of the religious mainstream Labeled cults or sects groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large Despite their efforts at educating the general public the various anti and counter cult activists have in fact promoted much more mis understanding than accurate understanding of the religious lives of some of their fellow citizens Consequently they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so called mainstream This set rectifies the situation by presenting accurate comprehensive authoritative and accessible accounts of various new and alternative religious movements that have been and are active in American society and it addresses ways of understanding new and alternative religions within a broader context Determining what actually constitutes a new or alternative religion is a subject of constant debate Questions arise as to a new faith s legitimacy beliefs methods of conversion and other facets of a religious movement s viability and place in a given culture How a religion gains recognition by the mainstream which often labels such new movements as cults is fraught with

difficulty tension and fear Here experts delineate the boundaries and examine the various groups beliefs movements and other issues related to new faiths and alternative beliefs Readers will come away with a fuller understanding of the religious landscape in America today Volume 1 History and Controversies discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved Volume 2 Jewish and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths Groups such as the Shakers the People s Temple the Branch Davidians Jehovah s Witnesses and others are examined Volume 3 Metaphysical New Age and Neopagan Movements looks at Shamanism Spiritualism Wicca and Paganism among other movements as they have developed and grown in the U S These faiths have found new and devoted followers yet are often misunderstood Volume 4 Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions From Baha i to Soka Gakkai from Adidam to the Vedanta Society contributors look at a full range of groups practicing and worshiping in the U S today Volume 5 African Diaspora Traditions and Other American Innovations examines the various traditions linked to the African diaspora such as Rastafarianism Santeria and the Nation of Islam alongside traditions that are truly American incarnations like Scientology UFO religions and Heaven s Gate Some of the new and alternative religions covered in these pages include Shamanism Wicca Black Israelites Santeria Scientology Elan Vital Hare Krishna Soka Gakkai and many more
