Ritual And Experiment In Modern Poetry:

Ritual and Experiment in Modern Poetry Jacob Korg, 1995-08-30 W B Yeats T S Eliot Ezra Pound H D and David Jones major poets of the early twentieth century were fully involved in the historic conflict between religion and science Jacob Korg's study illuminates the manner in which they attempted to overcome the division between the two cultures by incorporating elements of religious ritual as well as scientific experiment in their poems Known primarily as innovators who devised new methods of artistic expression these poets also employed ritual a form even more ancient than myth side by side with their experimental ventures Through close study of their major poems Korg shows that the interplay between these apparently contradictory principles was a persistent theme of modern poetry that played an important part in the poetic revolution of the time

Ritual and the Idea of Europe in Interwar Writing Patrick R. Query, 2016-04-08 While most critical studies of interwar literary politics have focused on nationalism Patrick Query makes a case that the idea of Europe intervenes in instances when the individual and the nation negotiate identity He examines the ways interwar writers use three European ritual forms verse drama bullfighting and Roman Catholic rite to articulate ideas of European cultural identity Within the growing discourse of globalization Query argues Europe presents a special though often overlooked case because it adds a mediating term between local and global His book is divided into three sections the first treats the verse dramas of T S Eliot W B Yeats and W H Auden the second discusses the uses of the Spanish bullfight in works by D H Lawrence Stephen Spender Jack Lindsay George Barker Cecil Day Lewis and others and the third explores the cross cultural impact of Catholic ritual in Graham Greene Evelyn Waugh and David Jones While all three ritual forms were frequently associated with the most conservative tendencies of the age Query shows that each had a remarkable political flexibility in the hands of interwar writers concerned with the idea of Europe

The Image of the Feminine in the Poetry of W.B. Yeats and Angelos Sikelianos Anastasia Psoni, 2018-12-19 Modernism as a powerful movement saw the literary and artistic traditions as well as pure science starting to evolve radically creating a crisis even chaos in culture and society Within this chaos myth offered an ordered picture of that world employing symbolic and poetic images Both W B Yeats and Angelos Sikelianos embraced myth and symbols because they liberate imagination and raise human consciousness bringing together humans and the cosmos Being opposed to the rigidity of scientific materialism that inhibits spiritual development the two poets were waiting for a new age and a new religion expecting that they themselves would inspire their community and usher in the change In their longing for a new age archaeology was a magnetic field for Yeats and Sikelianos as it was for many writers and thinkers After Sir Arthur Evans's discovery of the Minoan Civilization where women appeared so peacefully prominent the dream of re-creating a gynocentric mythology was no longer a fantasy In Yeats's and Sikelianos's gynocentric mythology the feminine figure appears in various forms and like in a drama it plays different roles Significantly a gynocentric mythology permeates the work of the two poets and this mythology is of pivotal importance in their poetry their poetics and even in their life as the

intensity of their creative desire brought to them female personalities to inspire and guide them Indeed in Yeats's and Sikelianos's gynocentric mythology the image of the feminine holds a place within a historical context taking the reader into a larger social political and religious space *Jerome Rothenberg's Experimental Poetry and Jewish Tradition* Christine Meilicke, 2005-07 On a more specific level this book analyses Rothenberg's use of postmodern appropriative strategies such as collage assemblage palimpsest parody pastiche forgery found poetry and theft These strategies illustrate the concept practice and problematics of appropriation Embracing postmodern experimentation and drawing on heterodox Jewish sources Rothenberg constructs a contemporary American Jewish identity that does not rely on institutionalized Judaism Jacket "Wirkliche Wirklichkeit" Michèle Godau, 2005 **Theologische Realenzyklopädie**, 1998 *Genre*, 2003

The Russian Prospero Robert Bird, 2006-11-29 In *The Russian Prospero* Robert Bird uncovers the foundations of Ivanov's poetic and theoretical universe traces its evolution and explores its connections to cultural and intellectual currents in international modernism Blending a close reading of Ivanov's work with a thoughtful analysis of his place within twentieth century thought Bird finds that Ivanov's ecstatic creative psychology leads directly to a consideration of history as a continuum of human interpretive activity and to a conception of art as a historical force He emphasizes and dramatizes Ivanov's quest to harness the power of art and apply it to concrete life situations BOOK JACKET *Guide to the Poetry of William Carlos Williams* Kelli A. Larson, 1995 The poet William Carlos Williams 1883-1963 espoused the ideal that true poetry is rooted in the details of everyday life He developed the technique of the variable foot expressing the cadences and rhythms of speech which are documented in this text *Anglia*, 1998 *A Companion to Experimental Cinema* Federico Windhausen, 2022-09-07 An exploration of what experimental cinema was is and might become *A Companion to Experimental Cinema* is a collection of original essays organized around both theoretical and historical issues of concern to film scholars programmers filmmakers and viewers Newly commissioned essays written by specialists in the field along with dialogues conducted with a diverse range of practitioners focus on core subjects to present an international array of overlapping and contrasting perspectives This unique text not only provides detailed accounts of particular films and filmmakers but also discusses new approaches of understanding characterizing and shaping experimental cinema The Companion offers readers an accessible point of entry to the material while seeking to contribute to scholarly debates Essays explore a wide range of topics within the realm of experimental film including the shift from traditional biography to broader contexts the increased attention afforded to local and transnational circuits of exchange and the deepening of theoretical considerations regarding cultural identity and cinematic aesthetics Key themes and concepts are interwoven throughout the text offering fresh perspectives on experimental cinema's dialogues with other modes and practices of film and video its interactions with the non-cinematic arts its responses to changing technological landscapes and more An essential addition to the field the Companion Balances introductory summaries and scholarly dialogue with existing literature Explores how the study of

Eliot, Man and Poet Laura Cowan,Sebastian David Guy Knowles,Scott A. Leonard,1990 *American Experimental Poetry and Democratic Thought* Alan Marshall,2009 Alan Marshall takes Alexis de Tocqueville s discussion of Some Sources of Poetic Inspiration in Democracies in the second volume of his Democracy in America as the starting point for a wide ranging examination of the nature of democratic thought and expression in American experimental poetry from Walt Whitman and Emily Dickinson in the mid nineteenth century to George Oppen Frank O Hara and Robert Creeley a century later The book begins by considering the political significance of what Marshall describes as the invisible physiognomy of Whitman s poetry which is followed by a re evaluation of the flawed republican humanism of Ezra Pound in the light of the thought of Hannah Arendt Other chapters deal with Mina Loy Lorine Niedecker Wallace Stevens William Carlos Williams and Muriel Rukeyser The book argues against the narrowly ideological interpretation of politics that dominates contemporary literary studies To that extent it recalls Tocquevilles concern to underline the differences between his own methods and perspectives and the historical determinism of his contemporaries Marshall brings together an exceptional variety of theoretical writing including works by Theodor Adorno Seyla Benhabib Stanley Cavell Sigmund Freud Martin Heidegger Immanuel Kant James Madison Karl Marx David Riesman and Donald Winnicott as he seeks to expand and develop Tocqueville s circumspect humanist critical trajectory The chapters are conceived as a series of innovative dialogical constellations to which the close reading of poetry is central The aim throughout is to measure the thought of the poets or their poems against the thoughts of those who are more often called thinkers The Space of Poetry Lyn McCredden,Stephanie Trigg,1996
