The Secret Country Pamela Dean, 2003-10-13 What happens when your fantasy world turns real Each vacation for the past nine years cousins Patrick Ruth Ellen Ted and Laura have played a game they call the Secret and invented scripted world full of witches unicorns a magic ring court intrigue and the Dragon King In the Secret they can imagine anything into reality and shape destiny Then the unbelievable happens by trick or by chance they actually find themselves in the Secret Country their made up identities now real The five have arrived at the start of their games with the Country on the edge of war What was once exciting and wonderful now looms threateningly before them and no one is sure how to stop it or if they will ever get back home An intricate sparkling web of intrigue and magic One of my very favorites Patricia C Wrede author of Dealing with Dragons

From the First Rising Sun Charla Jean Morris, 2011-08-10 While in medical school which I did not have the privilege of completing once a week we had a small group discussion class called Focus On Problems Each group had a leader a member of the medical school staff or someone closely associated with the school usually an MD or Ph D Our group leader was Dean of the Medical School H David Wilson MD One class period focused on working with patients of different ethnic backgrounds Dr Wilson asked me what were some of the traditions of my tribe in regard to medicine that would be helpful for a doctor to know My reply was that I had been raised like a white that I had grown up learning about various herbal and natural remedies but that I knew nothing about the specific medical traditions ceremonial or secular of my people I had always longed to know of the traditions of my people before that but circumstances of my family history had not allowed it That question in the Focus On

Problems class caused that longing to intensify into a sharp pang of longing that would not be satisfied until many years later While in the first two years of medical school as a nontraditional student I was in an environment that encouraged the development of the knowledge of Native American traditions We had Native American speakers that came and elaborated on Native American traditions One area that was lacking was tribal histories but what academics label prehistory I commented to her that when white man came they did all they could to destroy our social and religious fabric so the old traditions were not passed down to most of the remaining members of the tribes Now we know nothing of our old history There is nothing left The white side of my family history is easy to know but not my Cherokee and Choctaw side She replied by saying that yes many of our peoples have lost their old traditions and it is sad
