Right Development The Santi Asoke Buddhist Reform Movement Of Thailand:

"Right Development" Juliana Essen, 2005-01-01 Right Development examines the Santi Asoke Buddhist Reform Movement of Thailand as a culturally and environmentally appropriate alternative to western development programs The Asoke group's aim is not a Western ideal to accumulate high levels of material comfort but a Buddhist ideal to release attachment to the material world and attain spiritual freedom Ethnographic research at one Asoke community illuminates how Asoke beliefs and practices foster development on three levels the individual community and society A closer look at a day in the life of four women provides further insight into this development This book stipulates that development must be culturally locally situated focused on livelihoods rather than economic growth environmentally sustainable and endogenously inspired implemented and maintained The intent here is not to offer a new meta strategy for global development but to underscore the need for diverse responses to the vast array of economic social and environmental dilemmas Right Development offers alternatives for sustainable development perfect for scholars of Buddhism or Thailand

The Buddhist World of Southeast Asia Donald K. Swearer, 2012-02-01 An unparalleled portrait Donald K Swearer's Buddhist World of Southeast Asia has been a key source for all those interested in the Theravada homelands since the work's publication in 1995 Expanded and updated the second edition offers this wide ranging account for readers at the beginning of the twenty first century Swearer shows Theravada Buddhism in Southeast Asia to be a dynamic complex system of thought and practice embedded in the cultures societies and histories of Thailand Myanmar Burma Laos Cambodia and Sri Lanka The work focuses on three distinct yet interrelated aspects of this milieu The first is the popular tradition of life models personified in myths and legends rites of passage festival celebrations and ritual occasions The second deals with Buddhism and the state illustrating how King Asoka serves as the paradigmatic Buddhist monarch discussing the relationship of cosmology and kingship and detailing the rise of charismatic Buddhist political leaders in the postcolonial period The third is the modern transformation of Buddhism the changing roles of monks and laity modern reform movements the role of women and Buddhism in the West

Buddhist Public Advocacy and Activism in Thailand Craig M. Pinkerton, 2024-03-21 This book studies Buddhist public advocacy and activism in Thailand a movement often broadly called socially engaged Buddhism from the perspective of rhetorical studies specifically on humanizing and dehumanizing communication practices In modern Thailand and historical Siam Buddhism has been integral to the social change processes shaping civil society and an emerging democracy This study examined two problems How do contemporary Buddhists in Thailand use rhetorical practice to influence the way the issues they work on are understood and how do these Buddhists justify their advocacy and activism in rhetorical practice To the first a rhetoric of dignity or humanization was the central answer To the second a rhetoric of duty was the central answer For researchers in Southeast Asian Studies Thai Studies and Buddhist Studies this book offers a fresh perspective on socially engaged Buddhism through the lens of the communication discipline For researchers in

Psychology and Communication it sheds light on the understudied practices of humanizing communication. The bulk of the current research is focused on its opposite, dehumanization, and most of this literature is in the field of psychology even though humanization and dehumanization are fundamentally and ontologically communication phenomena. For researchers within the field of Communication and Rhetorical Studies, this book advances innovations in the emerging practices of rhetorical field methods by applying rhetorical criticism to interview data in a new way and provides a non-western perspective on communication and rhetorical theory for which there has been continual calls.

Mindful leadership for sustainable peace Thich Duc Thien, Thich Nhat Tu, 2019-04-16

EDITORS INTRODUCTION BACKGROUND

We are experiencing an unprecedented period where wide-ranging and disruptive major global change is taking place around us. In this context, the theme of Mindful Leadership and Sustainable Development provides a point of reference and pathway for understanding the contemporary chaotic situations. These disruptive changes challenge our understanding and meaning of humanity and truly question whether or not we are able to live in a society where justice, equality, peace, and prosperity abound. In the Buddhist light, a focus is placed on understanding the Buddhist teachings to develop solutions for dealing with these wide-ranging problems. Both the scope of change and the response from a Buddhist approach are core to the content of this volume. It is of paramount importance that any investigation and development of solutions for the changes taking place require guidance from the Buddhist philosophy. As a starting point for discussion, an initial focus is placed on providing a thorough and critical understanding of the character and context of change. In doing so, we also seek to clarify and outline the nature of a Buddhist approach. In completing this review, it is productive to see that given the complex issues being dealt with, the papers do generate different frameworks and viewpoints within the broad term of approach. The frameworks based on the Buddha's teachings are not fully fixed and agreed upon by all. Therefore, our term approach refers to a set of arrangements and viewpoints that act to inspire further discussion and development. Given the above context, this volume is a collection of conference papers presented and published for the panel on the first sub-theme of UNDV 2019 on Mindful Leadership for Sustainable Peace on 13 May 2019 at the Tam Chuc International Convention Center, Ha Nam, Vietnam. The panel commemorates the occasion of the 16th United Nations Day of Vesak Celebrations 2019. Through the contributions of participants and their papers at this workshop, this volume provides a diverse and rich range of thinking and wisdom rather than more traditional mainstream thinking or conventional wisdom. Treating the Buddha's teachings as a basic theoretical reconstruction, we examine the relationships between societies and Buddhism. We combine the analyses of the conflicts, trends, and dynamics affecting future global development with focused studies on a range of policy areas for improving societies. In the Buddhist light, our two most crucial aims in this period of disruption are to greatly increase the influence and impact of Buddhism as our foremost duty and that the Buddhist responsibility contributes to creating a new foundation for Mindful Leadership and Sustainable Development.
