Right Hours To Success:

Success & Happiness One Day at a Time; an instructional manual for your life , *Finding the Right Direction 4*
Success A. Patten JR. Jr.,2022-04-05 Finding the Right Direction for Success in Life was birthed from my life s journey of going through the motion of finding what I believe was my calling in life It is my hope that as you follow along on the journey with me through some of my unpleasant experiences you will see the importance of why you must keep moving in the right direction for success no matter what comes your way During the sharing of these experiences I desire to enlighten you on how to stay at the course that will lead you to your success My story details the injustices that I had to face as a young Black man Among others it also details my teenage experiences of having my life threatened because of the color of my skin In addition you will get a glimpse of the many naysayers that I faced along the path to success who intentionally placed roadblocks and potholes in an effort to steer me off track During the course of this journey I have been thrown many curve balls Losing many mentors that have impacted my life have been more impactful These were hard to overcome because I had to face some of them head on at a young age At one point you will read about me having no desire to do right or head in the right direction for success The struggles were real and many times the view leading to the right direction were obscured You will see how I attached my painful past to something that was so real that it propelled me in the right direction to become an overcomer Make it a great read as you walk with me from poverty to success Hear my heartfelt story that may be just a key to leading you in a successful direction Happy reading
