*Private Armies in the Culture of Capitalism* Stan C. Weeber, 2010-02-01 This book explores an alternative perspective for evaluating the phenomenon of contemporary private armies in the Americas Central Asia and the Middle East I proceed with the basic assumption that there is a worldwide culture of capitalism whose goal is uninterrupted economic growth that is the milieu for the creation and development of such armies The advance or decline of such entities may be related to economic factors and or the resistance of state structures While many private armies are antisystemic a response to the rapidly changing worldwide capitalism and the uncertainties that such changes entail there are also prosystemic private armies such as Blackwater USA whose job is to maintain a milieu for sustained economic growth throughout the world wherever hot spots may arise Private armies can be employed to uphold an economic system as well as to disrupt it Fracturing the Founding John E. Finn, 2019-03-15 Many in the radical right including the Tea Party the militia movement the Alt right Christian nationalists the Oath Keepers neo Nazis and a host of others brand themselves as constitutional patriots In *Fracturing the Founding How the Alt Right Corrupts the Constitution* John E Finn one of America s leading constitutional scholars argues that these professions of constitutional devotion serve an important function in mainstreaming the radical right s ideological and policy agenda to camouflage its racism bigotry and sexism to appeal to a broader audience The constitution the extreme right holds as its faith is an odd admixture of the forgotten the rejected the racist and the bizarre Finn illuminates the central precepts of the Alt constitution and shows how and where it differs from the true American Constitution The differences are disturbing The Alt constitution emphasizes absolute rights and unassailable liberties especially for freedom of speech and guns no matter the public interest states rights and a corresponding suspicion of the federal government racial classifications recognized and legitimated by law and privilege for white Christians Finn s book will appeal to all readers interested in contemporary American politics the contemporary radical right the Founding and the history of America s constitution
