## Right Turn How The Tories Took Ontario:

The Government and Politics of Ontario Graham White, 1997-01-01 This textbook is the standard authority on the government and politics of Ontario Extensively revised and updated to reflect the early Harris era this edition also features a new section on change and continuity in the Ontario political system      Cycling into Saigon David R. Cameron, Graham White, 2011-11-01 The essence of democracy is the peaceful and legitimate transfer of government In 1995 in Ontario the omens for a successful transition weren't promising Almost no one had expected Mike Harris's Common Sense Revolution to catapult his Progressive Conservatives from third party obscurity to victory in the June election The Harris manifesto declared its intention to dismantle almost every policy of the defeated NDP administration of Bob Rae Weeks of confrontation and confusion seemed inevitable Yet as Cameron and White compellingly describe the transition was a surprising success involving necessary co operation between political mortal enemies Cycling into Saigon has important lessons for everyone involved or interested in this key stage of the electoral process wherever it takes place      *Revolution at Queen's Park* Sid Noel, 1997-01-01 First published in 1997 Revolution at Queen's Park tracks radical changes in Ontario politics during the crucial decade between 1985 and 1995 Written by prominent political analysts these essays cover a wide range of topics including electoral behaviour changes in Ontario's political culture over the decade and the factors that led to the defeat of Bob Rae's government in 1995 Lively and readable Revolution at Queen's Park is a well written account of this remarkable period in Ontario's history      **The Power of Persuasion** Kirsten Kozolanka, 2007 Explores the relationship between the politics of the New Right the media and democracy      **Canadian Book Review Annual**, 1995      **Public-sector Labour Relations in an Era of Restraint and Restructuring** Gene Swimmer, 2001 The 1990s in Canada was arguably the most stressful decade for public sector industrial relations since the inception 25 years earlier of collective bargaining in the public service This book examines in depth the events of recent years in the public service of six jurisdictions Nova Scotia Ontario Manitoba Alberta British Columbia and the federal government along with trends in the other five Canadian provinces      Theatre History in Canada, 1998      **An Introduction to Government and Politics** M. O. Dickerson, Thomas Flanagan, 1982      **Theatre Research in Canada**, 1999      Voices of Mexico, 1986 News commentary and documents on current events in Mexico and Latin America      *British Journal of Canadian Studies*, 1997      *The Big Blue Machine* J. Patrick Boyer, 2015-10-10 The story of a formidable campaign organization the Big Blue Machine that ran a string of successful Progressive Conservative Party campaigns in several provinces over four decades Devoted to the art of winning campaigns it pioneered new techniques in polling advertising fundraising communications and policy development      **The British National Bibliography** Arthur James Wells, 1998      **Unsteady State** Neil Nevitte, 2000 The team of scholars co writing this volume assembled to conduct a detailed study of voter behavior in the 1997 Canadian federal election Using broadly based surveys and a question centered approach the authors skillfully analyze the results of the election      **Citizens**

**Or Consumers?** Wayne Andrew Antony, Dave Broad, 1999 Social policy is about citizens choosing the kind of society they want to live in The mid 20th century Keynesian welfare state can be seen as a citizenship package which included acceptance of intervention by the state to maintain economic growth and social stability This meant the inclusion of many previously excluded groups in the social policy process and the institutionalization of a collective responsibility for individual welfare But with the ascendancy of neo liberalism the politics of citizenship is being replaced by a notion of citizens as consumers whose medium of social interaction and source of economic and social security is the capitalist market This book is concerned with social welfare problems and the need for citizen participation in addressing those problems While all of the authors are critical of the current neo liberal orthodoxy none advocates a return to the status quo ante of the post Second World War welfare state     *International Books in Print* ,1997     Index de Périodiques Canadiens ,2002     *Hard Right Turn* Brooke Jeffrey, 2000-03 Synopsis coming soon     Canadian Books in Print ,1997     **History of the Canadian Peoples: 1867 to the present** Margaret Conrad, Alvin Finkel, Cornelius J.
