Rightly Divided Readings In Biblical Hermeneutics:

Illumination and Interpretation M. X. Seaman, 2013-03-06 This work seeks to take an abstract concept and make it concrete by establishing proper categories and definitions for the doctrine of illumination while reemphasizing the cooperation of Word and Spirit. In doing so, this book treats issues such as the relationship between illumination and other hermeneutical doctrines, the accessibility of the Spirit's illumination when interpreting the Scriptures, and the question of unregenerate biblical interpretation from publisher description.

Woman's Evangelical Commentary: New Testament Dorothy Kelley Patterson, Rhonda Harrington Kelley, 2006-06 Written by women for women, this New Testament commentary adheres to the complementarian view of the relationship between men and women, helping readers see God's marvelous design and plan for all.

Women's Evangelical Commentary: New Testament Dorothy Kelley Patterson, Rhonda Kelley, Rhonda Harrington Kelley, 2011-06 A New Testament commentary written by women with theological training for women, with an emphasis on passages of importance to women.

Basis of Preaching Biblical Message: Preach the Word Rev. Dr. Koningthung Ngoru Moyon, 2024-11-07 Public speaking is one of the most important tasks and challenging to the human beings. It is imperative for all the committed Christians to learn and live with the Biblical truths. As such, the knowledge and application of Scripture is an utmost necessity to be grounded upon the word of God. The necessity of Scripture means that the Bible is necessary for knowing the gospel for maintaining spiritual and moral life and for knowing God's will, but is not necessary for knowing that God exists or for knowing something about God's character and moral law.

Basis of Preaching Biblical Message: Preach the Word is for the glory of God, the building up of the church and society, and the spreading of the Gospel to the ends of the earth, that is, to all the creation. Biblical preaching is centered around and takes its content from the inerrant Word of God. True Biblical preaching aims at life change. Biblical preaching also comes through the personality of the preacher. Some communicators or preachers are encouragers, some are confrontational, some are humorous, while others use sound logic and well-reasoned content. It is not good to fall into the trap of trying to mimic your favourite preacher. Instead, learn from them and develop your own style as a good communicator.

Rev. Dr. Koningthung Ngoru Moyon presents Biblical Preaching in his book **Basis of Preaching Biblical Message: Preach the Word**, which is both an art and a science. It is a science in the sense that there are rules and principles of communication that we are to follow. It is an art in that each person brings his own unique personality and style to the preaching experience. Preaching is truth through personality. Both are necessary. However, the very important and foremost focus in the book is that Biblical Preaching is empowered by the work of the Holy Spirit, which is the focus in the book.

A Distinct Twenty-First Century Pentecostal Hermeneutic Harlyn

Graydon Purdy, 2015-06-22 Why another book about biblical interpretation hermeneutics First this is not just another book about hermeneutics It deals specifically with hermeneutics as practiced by Pentecostals rather more accurately as hermeneutics should be practiced by Pentecostals The book presents a distinct Pentecostal hermeneutic that moves away from exclusive use of historical grammatical methodology The hermeneutic presented here employs an eclectic methodology and a quadratic strategy Scripture Spirit trained leader and community in the proposed hermeneutic are shown to work together to produce an interpretation that engages both creative imagination and authorial intent The text offers pastors professors and laity alike a method and approach that will allow them to interpret Scripture from a clearly Pentecostal perspective An important addition to the book is an outline for an undergraduate course instructing students in this distinct Pentecostal hermeneutic

Giving the Sense Michael A. Grisanti, 2003 This collection of essays covers the four major periods of Israel's history and explores the theological literary historical and archaeological dimensions of each era

A Strategy for Reading Biblical Texts Johnson T. K. Lim, 2002 A Strategy of Reading Biblical Texts provides a fresh impetus to the ongoing debate of hermeneutics and methods in biblical scholarship by examining three core hermeneutical strategies These are author oriented text oriented and reader oriented approaches It also critiques the contributions and limitations of each strategy and argues for a hermeneutical strategy that takes into account the micro and macro biblical corpora Readers are challenged to apply basic hermeneutical protocols when reading biblical texts A theological reading of the biblical texts is crucial and vital because the Bible is a theological document This book also addresses some of the pivotal but nagging questions of meaning authority and the reader's context

The Interpreting Spirit Hannah R. K. Mather, 2020-10-08 The Interpreting Spirit is both a consideration of the Spirit's role in the interpretation of Scripture and a celebration of renewal scholarship It examines those who have focused on the Spirit's role in their hermeneutical considerations recognizing common uniting themes amidst the diversity of scholarly approach and opinion Working on the principle that the Spirit communicates in ways that seek to unify and celebrate the other Mather works diachronically from 1970 identifying and drawing together these common uniting hallmarks into a collective understanding Pivotal to Mather's argument is her emphasis that we do not just interpret Scripture but that the Spirit through Scripture and working in our lives in ways that lead us towards Scripture interprets us The Interpreting Spirit is the first comprehensive analysis of the conversation surrounding pneumatic interpretation that has been taking place particularly among renewal scholars since 1970 It seeks to answer the notoriously difficult question What does the Spirit do in the process of biblical interpretation
