Riots And Pogroms:

Riots, Pogroms, Jihad John Thayer Sidel, 2006 Indonesia from ethnic conflict to Islamic terrorism Situating Islam in Indonesia the matrix of class relations Social transformation 1965 1998 konglomerat kelas bawah Islam Buildings on fire church burning riots and election violence 1995 1997 Crisis conspiracy conflagration Jakarta 1998 From lynchings to communal violence pogroms 1998 2001 Jihad and religious violence in Indonesia 1995 2005 *Riots and Pogroms* Paul R. Brass, 2016-07-27 Riots and Pogroms presents comparative studies of riots and pogroms in the twentieth century in Russia Germany Israel India and the United States with a comparative historical and analytical introduction by the editor The focus of the book is on the interpretive process which follows after the occurrence of riots and pogroms rather than on the search for their causes The concern of the editor and contributors is with the struggle for control over the meaning of riotous events for the right to represent them properly

Pogrome im Zarenreich Stefan Wiese, 2016-09-14 Ein Pogrom kann man nach Belieben machen mit zehn Opfern oder mit zehntausend ganz nach Wunsch F rst Sergej D Urusov in der russischen Staatsduma 1906 Russland war das Land der Pogrome so sah es zumindest die europ ische ffentlichkeit um 1900 Deshalb b rgerte sich auch in den meisten Sprachen das russische Wort Pogrom f r diese Form von meist antij discher Gewalt ein Aber was machte die Pogrome aus Wer waren die Akteure Geschehen sie spontan oder organisiert Und warum war ihre Zahl gerade im Russischen Reich so hoch Antworten findet Stefan Wiese in den Handlungen aller Beteiligten also der T ter der Opfer der Zuschauer und der Vertreter der Staatsmacht Jede Gruppe verf gte ber spezifische Ressourcen und verfolgte eigene Ziele jede Gruppe beobachtete die brigen und handelte dementsprechend Aus dieser Dynamik ergaben sich Situationen die Gewalt erm glichten oder verhinderten Laut Stefan Wiese waren bei Judenpogromen Strategien und Ressourcen der Akteure wichtiger als das Erbe des Antisemitismus Ein vergleichender Blick auf Pogromgewalt gegen Armenier Deutsche und die Intelligenzija best tigt das Stefan Wiese zeigt was Pogrome sind wie sie beginnen vollzogen werden und wie sie enden er r umt mit Vorurteilen auf kontextualisiert die Pogrome neu betont die Kontingenz von Raum und Gelegenheit und untersucht das Verhalten der staatlichen Organe Mit seinem Buch ber eine spezifische Form kollektiver Gewalt in den letzten Jahrzehnten des Russischen Reiches liegt eine beeindruckende analytisch und sprachlich herausragende Ph nomenologie des Pogroms vor

Pogroms and Riots Sonja Weinberg, 2010 The years 1881 82 witnessed almost simultaneous waves of pogroms in eastern Germany western Prussia Pomerania and Posen and southern Russia in both countries the pogroms followed periods of reforms that improved in some way the situation of the Jews Examines the responses of four mainstream newspapers the conservative Protestant Neue Preussische Zeitung known as the Kreuzzeitung the Catholic Germania the semi official Norddeutsche Allgemeine Zeitung and the Jewish Allgemeine Zeitung des Judentums With the exception of the AZJ the papers indirectly justified and decriminalized the violence which was a type of covert expression of opposition to Jewish emancipation and to the growing role of Jews in society The AZJ tended to depict

the pogroms both in Russia and Germany as planned and organized from above rather than as spontaneous popular outbreaks The conservative non Jewish papers while deploring collective violence discussed the extermination of the Jews as a possible option for the solution of the Jewish question Thus they prepared the transformation of the seemingly civilized pre 1918 antisemitism into the post 1918 antisemitism that included violence both in word and deed **Pogroms** John Doyle Klier, Shlomo Lambroza, 2004-02-12 Distinguished scholars of Russian Jewish history reflect on the pogroms in Tsarist and revolutionary Russia *The Oxford Handbook of Comparative Politics* Carles Boix, Susan Carol Stokes, 2007 The Oxford Handbooks of Political Science is a ten volume set of reference books offering authoritative and engaging critical overviews of the state of political science Each volume focuses on a particular part of the discipline with volumes on Public Policy Political Theory Political Economy Contextual Political Analysis Comparative Politics International Relations Law and Politics Political Behavior Political Institutions and Political Methodology The project as a whole is under the General Editorship of Robert E Goodin with each volume being edited by a distinguished international group of specialists in their respective fields The books set out not just to report on the discipline but to shape it The series will be an indispensable point of reference for anyone working in political science and adjacent disciplines The Oxford Handbook of Comparative Politics offers a critical survey of the field of empirical political science through the collection of a set of chapters written by 47 top scholars in the discipline of comparative politics Part I includes chapters surveying the key research methodologies employed in comparative politics the comparative method the use of history the practice and status of case study research the contributions of field research and assessing the possibility of constructing a science of comparative politics Parts II to IV examine the foundations of political order the origins of states and the extent to which they relate to war and to economic development the sources of compliance or political obligation among citizens democratic transitions the role of civic culture authoritarianism revolutions civil wars and contentious politics Parts V and VI explore the mobilization representation and coordination of political demands Part V considers why parties emerge the forms they take and the ways in which voters choose parties It then includes chapters on collective action social movements and political participation Part VI opens up with essays on the mechanisms through which political demands are aggregated and coordinated This sets the agenda to the systematic exploration of the workings and effects of particular institutions electoral systems federalism legislative executive relationships the judiciary and bureaucracy Finally Part VII is organized around the burgeoning literature on macropolitical economy of the last two decades Conflict, Violence, and Displacement in Indonesia Eva-Lotta E. Hedman, 2008 This volume foregrounds the dynamics of displacement and the experiences of internal refugees uprooted by conflict and violence in Indonesia Contributors examine internal displacement in the context of militarized conflict and violence in East Timor Aceh and Papua and in other parts of Outer Island Indonesia during the transition from authoritarian rule The volume also explores official and humanitarian discourses on displacement and their significance for the politics of representation

Exclusionary Violence Christhard Hoffmann, Werner Bergmann, Helmut Walser Smith, 2002 A comprehensive examination of pre Nazi violence against Jews in nineteenth and twentieth century Germany

Communal Violence and Democratization in Indonesia Geert Arend van Klinken, 2007 Through close scrutiny of empirical materials and interviews this book uniquely analyzes all the episodes of long running widespread communal violence that erupted during Indonesia's post New Order transition Indonesia democratized after the long and authoritarian New Order regime ended in May 1998 But the transition was far less peaceful than is often thought It claimed about 10 000 lives in communal ethnic and religious violence and nearly as many as that again in separatist violence in Aceh and East Timor Taking a comprehensive look at the communal violence that arose after the New Order regime this book will be of interest to students of Southeast Asian studies social movements political violence and ethnicity

Forms of Collective Violence Paul R. Brass, 2006 These essays focus on the various forms of collective violence that have occurred in India during the past six decades which include riots pogroms and genocide It is argued that these various forms of violence must be understood not as spontaneous outbreaks of passion but as productions by organized groups Moreover it is also evident that government and its agents do not always act to control violence but often engage in or permit gratuitous acts of violence against particular groups under the cover of the imperative of restoring order peace and tranquility This has certainly been the case in numerous incidents of collective violence in India where curfew restrictions have been used for just such purposes In this context secularism constitutes a countervailing practice and a set of values that are essential to maintain balance in a plural society where the organization of intergroup violence is endemic persistent and deadly

Political Violence in South and Southeast Asia Itty Abraham, Edward Newman, Meredith Leigh Weiss, 2010 Political Violence in South and Southeast Asia brings together political scientists and anthropologists with intimate knowledge of the politics and society of these regions They present unique perspectives on topics including assassinations riots state violence the significance of geographic borders external influences and intervention and patterns of recruitment and rebellion
