Rip Van Australia:

Anthology Of Australian Colonial Gothic Fiction Ken Gelder, Rachael Weaver, 2013-05-31 Grisly corpses ghostly women and psychotic station owners populate an unforgiving landscape that is the stuff of nightmares These compelling stories are the dark underside to the usual story of colonial progress promise and nation building and reveal the gothic imagination that lies at the heart of Australian fiction This anthology collects the best examples of colonial Australian gothic short stories by authors such as Marcus Clarke Hume Nisbet Henry Lawson and Katherine Susannah Prichard among others

Free Market Missionaries Sharon Beder, 2012-06-25 In her recent book *Suited to Success* bestselling author Sharon Beder exposed how the global corporate elite have brazenly rewritten the rules of the global economy to line their pockets In this new book she turns her sights on the insidious underbelly of this global trend to show how they have also orchestrated a mass propaganda campaign to manipulate community values and convince us that their interest in co-opting and controlling all of us in the name of the free market is in our interest During the 20th century business associations coordinated mass propaganda campaigns combining 20th century American PR methods with revitalized free market ideology from 18th century Europe The aim was to persuade people to eschew their own power as workers and citizens and forego their democratic power to restrain and regulate business activity Sophisticated corporate funded think tanks augmented these campaigns in the 1970s and 1980s promoting free enterprise and business friendly policies These free market missionaries now seek to change individual and institutional values through bolder strategies such as expanding share ownership and manipulating wider public concerns In each case the goal is the same the triumph of business values over community values Beder's is an intellectual call to arms challenge the ideology of the free market missionaries or be converted to it
