## **Rippled Emotions:**

**Ethical Ripples of Creativity and Innovation** Seana Moran, 2016-04-08 If we are going to promote creativity as an ideal to strive toward shouldn't we make sure we also instill ethical anticipation so our creative contributions produce a better world rather than chaos and waste Creativity drives cultural development We all directly or indirectly collaborate in the creation of culture and we are jointly responsible for the way that culture develops The goals and decisions we make as both creators and adopters pave pathways into the future for us all Instead of merely reflecting on past events Ethical Ripples of Creativity and Innovation educates for proflection through cases that present what might be scenarios for creative contributions that are emerging into mainstream culture stimulating real time thinking about creativity in action This book offers the opportunity to strengthen ethical anticipation by considering the possibilities streaming from current creative offerings that affect our bodies emotions selves and social interactions

**ONE BIRTH: MANY LIVES** Maitreyi R.

Joshi, 2022-08-05 The One Birth Many Lives is a beautiful sequel to The Love Planet and the extension of Sean The trilogy takes everyone on a heart throbbing journey of two eternal souls whose path is fully embedded with mystery thrill and constant struggle The souls who meant for each other but separated to accomplish their duty to save this universe Their deeply enrooted love illuminated their path constantly but do they able to save themselves from evil force and its power of greed The Sean Trilogy symbolizes the everlasting search for wisdom lies as a divine spark in all of us and guides us to worship the virtues than the vices

Ripples of Hope Robert Press, 2025-10-01 In Ripples of Hope Robert M Press tells the stories of mothers students teachers journalists attorneys and many others who courageously stood up for freedom and human rights against repressive rulers and who helped bring about change through primarily nonviolent means Global in application and focusing on Kenya Liberia and Sierra Leone this tribute to the strength of the human spirit also breaks new ground in social movement theories showing how people on their own or in small groups can make a difference

**The Law of Consequences** Sandeep Chavan, 2025-10-27 For centuries human beings have searched for ultimate explanations From ancient rituals to modern physics we have asked the same question in different forms What caused this Our civilizations sciences religions and moral codes have been built on the logic of cause and effect And yet cause has never fully satisfied us It leads to infinite regress always demanding another origin and it leaves us trapped in paradoxes of blame determinism and control In The Law of Consequences LOC the first volume of Chavanian Philosophy Sandeep J Chavan offers a radical shift the universe does not act through causes but through consequences Every event from a falling apple to a human decision is not a chain of causes pushing forward but a ripple of imbalance resolving into alignment Drawing from physics biology psychology ethics and social philosophy this book introduces a new grammar of reality imbalance ripple resolution Matter becomes the stable footprint of ripple condensation Energy emerges as the dynamic consequence of misalignment Time itself is reframed as the perception of ripple duration Consciousness is no longer a cause of thought but the mirror in which

consequence becomes known This volume does more than challenge metaphysical assumptions it provides a practical lens for life In personal decisions LOC shows how freedom lies not in escaping consequence but in navigating it In society it reframes justice away from blame and toward alignment In leadership it reveals why domination collapses but sustainable alignment endures The Law of Consequences dissolves illusions that have burdened human thought for centuries It offers clarity where determinism creates despair resilience where guilt creates chains and harmony where control creates conflict With accessible language deep reflection and a framework that unifies science philosophy and lived experience this book is both a foundation and an invitation to see reality not as a battlefield of causes but as a living field of consequences we can participate in with awareness and skill To live by the Law of Consequences is to align with reality itself and in that alignment lies our deepest freedom
