Katz, Stefania Travagnin, 2019-05-20 In recent years the study of modern Chinese religions has developed into a highly innovative yet challenging field One of the main reasons for this involves an ongoing and largely

unresolved debate regarding what methods and theories are appropriate for analyzing the wide range of beliefs and practices we encounter This series of three volumes is based on the conviction that in this critical period of research on modern Chinese religions it is time for scholars to review the development of our field reconsider its present state of theories and analytical models and open a new chapter in the understanding of methodologies we employ Our research is grounded on the need to re evaluate concepts and practices that inform both the religious sphere and contemporary scholarship including endogenous Chinese concepts and exogenous ideas from the West and Japan that have been foundational in shaping our knowledge of the Chinese religious landscape In this third volume of our series we examine a variety of key concepts through their praxis in modern Chinese lived religions **American Book Publishing Record** ,2006 *1919 - The Year That Changed China* Elisabeth Forster,2018-03-05 The year 1919 changed Chinese culture radically but in a way that completely took contemporaries by surprise At the beginning of the year even well informed intellectuals did not anticipate that for instance baihua a precursor of the modern Chinese language communism Hu Shi and Chen Duxiu would become important and famous all of which was very obvious to them at the end of the year Elisabeth Forster traces the precise mechanisms behind this transformation on the basis of a rich variety of sources including newspapers personal letters student essays advertisements textbooks and diaries She proposes a new model for cultural change which puts intellectual marketing at its core This book retells the story of the New Culture Movement in light of the diversified and decentered picture of Republican China developed in recent scholarship It is a lively and ironic narrative about cultural change through academic infighting rumors and conspiracy theories newspaper stories and intellectuals hell bent on selling agendas through powerful buzzwords **The History of China** , **The Journal of Asian Studies** ,1973 An essential resource for those interested in Asia Recognized as the leading publication in its field It features articles on the history arts social sciences and contemporary issues of East South and Southeast Asia as well as a large book review section *China* Edward Burman,2008 China Books in Print ,1982 *Book Review Index* ,1970 Every 3rd issue is a quarterly cumulation **The New Encyclopaedia Britannica: Macropaedia : Knowledge in depth** ,2003 **A History of World Societies** John P.
