Rise Of Antichrist:

Babylon, Its Future History and Doom Benjamin Wills Newton, 1890 **The Works of President Edwards** Jonathan Edwards, 1879 **Works** Jonathan Edwards, 1881 *Cyclopaedia of Biblical, Theological, and Ecclesiastical Literature* John McClintock, 1871 How to Recognize the Antichrist Arthur Edward Bloomfield, 1975 A clear explanation of the Bible's description of the Man of Sin and his activities The Gospel advocate, for promoting spiritual unity, ed. by A.J. Baxter Andrew Joseph Baxter, 1883 *The Antichrist Legend* Wilhelm Bousset, 1896 Wilhelm Bousset 1865 1920 was one of the pioneers in the Religionsgeschichtliche Schule or History of Religions School which established the scientific and comparative study of Hellenistic Judaism and Early Christianity a century ago The Antichrist Legend first published in German in 1895 and translated into English the following year is perhaps Bousset's most remarkable book both for its original argument about the connection of Antichrist to myths of the primordial dragon and for its vast knowledge of patristic and medieval literature This welcome reissue of this classic work features a helpful new Introduction by David Frankfurter

SAPIENTOCHRISTIANITY REBUILD - 2 Augustin Ostace, 2023-03-15 1 Crisis in Theology Crisis in Society Crisis in Economy Crisis in politics Crisis in migrations Crisis through wars the whole Species Sapiens in crisis without end But we in individuality and in community as human being we are fully indebted to the Species Sapiens with no exemption What is to be done in times of multi crisis Will we find through this titanic spirit of daring belonging to Species Sapiens Sapiens as the essence of its birth and becoming an answer to the great enigmas that surround us from all parts of our planetary system our solar system or our galactic system condensed into meanings in the great mysteries of origins and becoming of the Universe of the Solar System and of the Species Sapiens namely Where do we come from Who are we Where are we heading What is Sapiens 2 Drama Drama Drama Will we be able to rethink the universe that seems endless and full of misunderstandings starting with its supposed origin from the Big Bang Biggest Bang as a possible birth from itself with its subsequent becoming through stars galaxies solar systems and planetary systems as well as through this set of Conceptological Philosophies or Anthropological Philosophies or Sapientological or Anthroapo Sapientological Philosophies which illuminate and re illuminate abysses and labyrinths archetypes and unknowns uncertainties and mysteries both terrestrial and celestial astral and infra uncontained expanses of cellular and sub cellular spatiality and infra temporalities atomic subatomic ionic or molecular 3 Difficulties Difficulties Difficulties Will we manage to rewrite through the triad of Point Line Surface the whole written and transcribed by the thinking and revolting Species through our philosophical system of conceptualism in motion and re stirring of conceptualism in becoming returning of conceptualism in startling and enrichment of conceptualism in organization and self organization of conceptualism in replication and self replication as a redetermination of Individual Self Sapiens Self and Universal Self all three sharing in the same Great Unknown that we cannot know the Absolute and which is perhaps in the depths deeper than us 4 Weaknesses Weaknesses Weaknesses Will we thus withdraw a new vision into

Sapiens by the very attempt to overcome and restructure it through its own decoding and re axiality even in the extremely austere conditions of viral pandemics possible revelation of a divine sign Or an astral pathology in fact a pathology of our entire Species both biological and ontological axiological and epistemological as a self revelation of our own fragility and vulnerability in its entirety biologically and bio ontologically 5 Confusions Confusions Confusions Will we be able to revitalize or even transgress a writer or re writer a thinker and a re thinker towards a bolder of all breaking levels from the horizons of knowledge and abstract constructions in Sapiens approaching the very unknown his instincts which carry us imprinted with mystery and magic miracles and mythologies through the oceans of thirsty cosmologies 6 Misunderstanding Misunderstanding Misunderstanding With these decided extra ambitions extra mobilizations and extra determinations let us proceed in a prophetic and messianic rush and possible alienation which by alienating us as a Species and possibly as an individual but this one can Re Sapientize us into the same Sapiens which is different and imperishable recognizing our own temporality as an ineluctable fragment of eternity torn apart and withdrawn into our own frailties and vulnerabilities by the Sapient into Selfness 7 Fragilities Fragilities Fragilities Through the present approach from SAPIENTOCHRISTIANITY REBUILD 1 of the origins and evolutions of human religions converging in a Sapientology of the SapientoHuman Species an attempt is made to withdraw a conceptological ideal a CAUSAL NOVUM in history that regards itself a CAUSAL LOGOS in the conceptological that rethinks itself through which the illuminative and the contemplative become their mutual chain of universe and becoming of revelation and rationality reborn within the same the endless diversities and complexities of the world 8 Vulnerabilities Vulnerabilities Vulnerabilities In order to know ourselves better we must face and confront ourselves in knowledge and faith in revelation and reason as if intertwining them with our individualized and generalized self in the wise to attack the very transfigurations that precede us which presents and predestines us the futures of lights mysteries and mythologies all being substantiated in their very genesis and becoming preserving itself reviving itself and endlessly enriching the corollas of wonders of the sapient and post sapient worlds 9 Disasters Disasters Disasters Further more extensive more deeper we finally attempt an integration of Homo Religiosus into Homo Anthropos and Homo Sapiens through which the monolithic duality of Evolution of Genus Homo and Species Sapiens will be anthropologized sapientologized and theologized in the same conceptual sense of differentiation and selection in the same sense of evolutionary and creative uniqueness and singular unity and unitudness of Sapiens 10 Troubles Troubles Troubles Also we try to date the described events as accurately as possible with their historical geographic location and correlated with the personalities of the time in the Roman Empire all in terms of credibility and truthfulness conditions that were not fulfilled in the Old Testament raising many question marks about the events related 11 Plights Plights Plights As a conclusion in ANTHROPOSAPIENTIC THEOLOGISM the final chapter will benefit from a VIDEOLOGIZED TEXT with both scientific and religious pre existences as synthesis of EPISTEMOLOGICAL CHRISTIANITY or CHRISTIANITY OF RATIONAL REVELATION

in which Science and Faith are intertwined in the human who has become a Sapient Human Being 12 Critical History Critical Sapiens Critical Christianity These twelve apostles of crisis these twelve angels of difficulties these twelve preachers of fragilities these twelve prophets of confusions these twelve teachers of unrealities these twelve sages of utopian history these twelve soothsayers of endlessly plights these twelve rhetoric of dys stressing of humanity all will be analysed in our set of classical books of virtual books and video books called SAPIENTOCHRISTIANITY REBUILD with number one two three and perhaps four It is useless to add that Sapiens will confront will face out the Sapiens itself and Christianity will confront will face out the Christianity itself by putting in and putting out the whole conceptological battlefield of our pillars of action of contemplation of praying and of rebuilding both of them for the history and historiology of Sapiens of Christianity and of SAPIENTO CHRISTIANITY in its togetherness It is no need to emphasize that in order to alleviate at least in part these dramatic developments in Sapiens and Christianity primarily it is necessary to make an ENRICHMENT of Sapiens and Christianity and this ENRICHMENT must change into a MOVEMENT therefore an ENRICHMENT MOVEMENT BEREICHERUNG BEWEGUNG must be the uppermost goal of our radical endeavour in saving of what finally could be saved Sapientochristianity Rebuilder *A Handy Dictionary of the ...
