Rise Of The Detective In Early Nineteenthcentury Popular Fiction:

The Rise of the Detective in Early Nineteenth-Century Popular Fiction Heather Worthington, 2005-05-18 Detection existed in fiction long before Poe and Doyle Its real origins lurk in the popular press of the early Nineteenth century where the detective and the case were steadily developed The well known masters of early crime fiction including Collins and Dickens drew on this material found in texts that have rarely been reprinted or even discussed In this revealing book Heather Worthington combines scholarly and archival study with theoretically informed analysis to unearth the foundations of detective fiction This is essential reading for those researching in studying or just fascinated by crime fiction **Dem**

Victorian Literature Sean Purchase, 2006-03-27 Key Concepts in Victorian Literature is a lively clear and accessible resource for anyone interested in Victorian literature It contains major facts ideas and contemporary literary theories is packed with close and detailed readings and offers an overview of the historical and cultural context in which this literature was produced [The Metaphysics of Detective Marlowe](#) Mircea Mihaies, 2013-12-20 Raymond Chandler s role in the

reshaping of hard boiled literature can hardly be exaggerated He shattered the dogmas of a genre content to be popular and paved the way for a noble complex and aristocratic destiny He implemented his revolutionary vision by radical changes in style manner and character construction Like his hero Philip Marlowe he was fascinated with the metaphysical features of existence honor pride loneliness disenchantment futility failure horror boredom alienation rebellion fear moral paralysis In

The Metaphysics of Detective Marlowe Mircea Mihaies reexamines the major contradiction of Chandler's hero though in the service of truth he is often forced to realize that truth is sordid repulsive malicious aggressive and rapacious Out of this baffling position a new American genre and type of hero have emerged *Narratologische Ermittlungen* Sandra Beck, 2017

Die Studie entfaltet die Gattungsgeschichte kriminalliterarischen Erzählens in der deutschsprachigen Literatur in ihren Umbruchsituationen vom 16 bis ins 21. Jahrhundert und zeigt wie die im Kontext eines transnationalen Genres entworfenen narrativen Muster von der modernen Literatur fort und umgeschrieben werden Ausgehend von der frühneuzeitlichen narratio crimen verfolgt sie die Ausdifferenzierung des Genres von den spatäufklärerischen Erkundungen des Herzens über die Tradition der Rechtsfallgeschichten bis hin zur Kristallisation eines verbindlichen Genremodells und seiner Dekonstruktion Damit erarbeitet die Studie eine erzähltheoretische Typologie die die Transformationen der Figuren und Handlungsstrukturen an unterschiedliche Konzeptionen von Wissen Wahrheit und Evidenz zurückbindet Vor diesem Hintergrund untersucht die Studie Prosatexte von W. G. Sebald Uwe Johnson und anderen Autoren in ihrem ernstesten literarischen Spiel mit komplexen analytischen Erzählmodellen *Leading the Police* Kim Stevenson, David Cox, Iain Channing, 2018-03-12

In 2015 the College of Policing published its Leadership Review with specific reference to the type of leadership required to ensure that the next generation of Chief Constables and their management approach will be fit for purpose Three key issues were highlighted as underpinning the effective leadership and management of contemporary policing hierarchy culture and consistency Yet these are not just relevant to modern policing having appeared as constant features implicitly and explicitly since the creation of the first provincial constabularies in 1835 This collection reviews the history of the UK Chief Constable reflecting on the shifts and continuities in police leadership style practice and performance over the past 180 years critiquing the factors affecting their operational management and how these impacted upon the organization and service delivery of their forces The individuality of Chief Constables significantly impacts on how national and local strategies are implemented shaping relationships with their respective communities and local authorities Importantly the book addresses not just the English experience but considers the role of Chief Constables in the whole of the United Kingdom highlighting the extent to which they could exercise autonomous authority over their force and populace The historical perspective adopted contextualises existing considerations of leadership in modern policing and the extensive timeframe and geographical reach beyond the experience of the Metropolitan force enables a direct engagement with contemporary debates It also offers a valuable addition to the existing literature contributing to the institutional memory of UK policing The contributors represent a range of disciplines including history law criminology and leadership studies and some also have practical policing experience *Staging Detection* Isabel Stowell-Kaplan, 2021-07-29

Staging Detection reveals how the new figure of the stage detective emerged in nineteenth century Britain The first book to explore the productive intersections between detection and performance across a range of Victorian plays Staging Detection foregrounds

the role of the stage detective in shaping important theatrical modes of the period from popular melodrama to society comedy Beginning in 1863 with Tom Taylor's blockbuster play *The Ticket of Leave Man* the book criss crosses London following the earliest performances of stage detectives Centring the work of playwrights novelists critics and actors from Sarah Lane and Horace Wigan to Wilkie Collins and Oscar Wilde *Staging Detection* sheds new light on Victorian acting styles furthers our understanding of melodrama and resituates the famous Wildean dandy as a successor to the stage detective Drawing on histories of masculinity and gender performance as well as developing scientific theory and nineteenth century visual culture *Staging Detection* shows how the earliest stage portrayals of the detective shaped broader Victorian debates concerning fraud omniscience and earned authority This book will be of great interest to students and scholars of theatre history Victorian literature and popular culture as well as anyone with an interest in the figure of the detective

 Power in Nineteenth-century American Women's Writing, 1860-1900** Birgit Spengler,2008 Vision and visual practices
 form a constant topic in the fiction of 19th century American female authors Based on Michel Foucault's assumption that an
 epistemic shift in the visual organisation of power and knowledge marks the onset of modernity and on developments in
 visual technology and philosophical reasoning this study explores the ways in which issues of vision are addressed by
 American women writers before the ostensible visual turn of the late 19th and early 20th centuries Authors such as Elizabeth
 Stoddard Lousia May Alcott Harriet Prescott Spofford Metta Fuller Victor and Anna Katharine Green demonstrate a
 fundamental concern with the epistemological social and gender implications of visual practices In their works vision is
 exposed as a social and cultural practice a means of power and control that structures social relations in gender class and
 race specific ways However these authors also explore strategies of resistance and modes of empowerment through visual
 practices 19th century American women writers thus anticipate concerns that became dominant around the turn of the
 century and provide an important tradition upon which late 19th century innovators such as Edith Wharton and Henry James
 could build upon **MLA International Bibliography of Books and Articles on the Modern Languages and
