Studies in Defoe, Richardson
and Fielding

Ian Watt

Rise Of The Novel Studies In Defoe

Mark Hawkins-Dady

Rise Of The Novel Studies In Defoe:

The Rise of the Novel Ian Watt, 1957 In this influential study Ian Watt traces the genesis and development of the most popular of all literary forms the novel In his penetrating and original readings of Daniel Defoe Samuel Richardson and Henry Fielding he investigates the reasons why the three main eighteenth century novelist wrote in the way they did a way resulting ultimately in the modern novel of the present day The rise of the middle classes and of economic individualism the philosophical innovations of the seventeenth century complex changes in the social position of women these are some of the factors underlying an age which produced the authors of Robinson Crusoe Pamela and Tom Jones

The Rise of the Novel Ian Watt, 1957 *The Rise of the Novel* Ian Watt, 1979 **The Rise of the Novel: Studies in Defoe, Richardson and Fielding** Ian Watt, 2009-07 Reprint of Berkeley University of California Press 1962 **The Rise of the Novel, Studies in Defoe, Richardson and Fielding, by Ian Watt** Ian Pierre Watt, 1957 **Theory of the Novel** Michael McKeon, 2000-12 McKeon and others delve into the significance of the novel as a genre form issues in novel techniques such as displacement the grand theory narrative modes such as subjectivity character and development critical interpretation of the structure of the novel and the novel in historical context

The rise of the novel John Watt, 1985 **Defoe's Major Fiction** Elizabeth R. Napier, 2016-01-28 This book focuses on the pervasive concern with narrativity and self construction that marks Defoe s first person fictional narratives Defoe s fictions focus obsessively and elaborately on the act of storytelling not only in his creation of idiosyncratic voices preoccupied with the telling and often the concealing of their own life stories but also in his narrators repeated aversion to other untold stories that compete for attention with their own Defoe s narratives raise profound questions about selfhood and agency as well as demonstrate competing attitudes about narration in his fictive worlds His canon exhibits a broad range of first person fictional accounts from pseudo memoir *A Journal of the Plague Year* *Memoirs of a Cavalier* to criminal autobiography *Moll Flanders* to confession *Roxana* and the narrators of these accounts secretive compulsive fractive exhibit an array of resistances to the telling of their life stories Such experiments with narration evince Defoe s deep involvement in projects of self description and delineation as he interrogates the boundaries of the self and dramatizes the arduousness of self accounting Defoe s fictions are emphatically consciousness centered and the significance of such a focus to the development of the novel is patently as great as is his realistic style Defoe s narrative project in fact challenges current views on the moment at which inwardness and interiority begin as Luk cs argued to comprise the subject matter of the novel implicitly attributing to identity and consciousness a place of signal and complex importance in the new genre

The Cambridge Companion to the Eighteenth-Century Novel John Richetti, 1996-09-05 In the past twenty years our understanding of the novel s emergence in eighteenth century Britain has drastically changed Drawing on new research in social and political history the twelve contributors to this Companion challenge and refine the traditional view of the novel s origins and purposes In various ways each seeks to show that the novel is not defined primarily by its realism of

representation but by the new ideological and cultural functions it serves in the emerging modern world of print culture Sentimental and Gothic fiction and fiction by women are discussed alongside detailed readings of work by Defoe Swift Richardson Henry Fielding Sterne Smollett and Burney This multifaceted picture of the novel in its formative decades provides a comprehensive and indispensable guide for students of the eighteenth century British novel and its place within the culture of its time *Reconsidering the Rise of the Novel*, 2000 *The Rise of the Novel* Ian P. Watt, 1974 Licensing Entertainment William B. Warner, 1998-09-10 Novels have been a respectable component of culture for so long that it is difficult for twentieth century observers to grasp the unease produced by novel reading in the eighteenth century William Warner shows how the earliest novels in Britain published in small format print media provoked early instances of the modern anxiety about the effects of new media on consumers Warner uncovers a buried and neglected history of the way in which the idea of the novel was shaped in response to a newly vigorous market in popular narratives In order to rein in the sexy and egotistical novel of amorous intrigue novelists and critics redefined the novel as morally respectable largely masculine in authorship national in character realistic in its claims and finally literary Warner considers early novelists in their role as entertainers and media workers and shows how the short erotic plot driven novels written by Behn Manley and Haywood came to be absorbed and overwritten by the popular novels of Defoe Richardson and Fielding Considering these novels as entertainment as well as literature Warner traces a different story one that redefines the terms within which the British novel is to be understood and replaces the literary history of the rise of the novel with a more inclusive cultural history **Reader's Guide to Literature in English** Mark Hawkins-Dady, 2012-12-06 Reader's Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study , Ian Watt Brane Grabeljšek, 1969 *Novel Ventures* Leah Orr, 2017-10-16 The eighteenth century British book trade marks the beginning of the literary marketplace as we know it The lapsing of the Licensing Act in 1695 brought an end to pre publication censorship of printed texts and restrictions on the number of printers and presses in Britain Resisting the standard rise of the novel paradigm *Novel Ventures* incorporates new research about the fiction marketplace to illuminate early fiction as an eighteenth century reader or writer might have seen it Through a consideration of all 475 works of fiction printed over the four decades from 1690 to 1730 including new texts translations of foreign works and reprints of older fiction Leah Orr shows that the genre was much more diverse and innovative in this period than is usually thought Contextual chapters examine topics such as the portrayal of early fiction in literary history the canonization of fiction concepts of fiction genres printers and booksellers the prices and physical manufacture of books and advertising strategies to give a more complex picture of the genre in the print culture world of the early eighteenth century Ultimately *Novel Ventures* concludes that publishers had far more influence over what

was written printed and read than authors did and that they shaped the development of English fiction at a crucial moment in its literary history

Gender, Taste, and Material Culture in Britain and North America, 1700-1830 John Styles, Amanda Vickery, 2006 Between 1700 and 1830 men and women in the English speaking territories framing the Atlantic gained unprecedented access to material things The British Atlantic was an empire of goods held together not just by political authority and a common language but by a shared material culture nourished by constant flows of commodities Diets expanded to include exotic luxuries such as tea and sugar the fruits of mercantile and colonial expansion Homes were furnished with novel goods like clocks and earthenware teapots the products of British industrial ingenuity This groundbreaking book compares these developments in Britain and North America bringing together a multi disciplinary group of scholars to consider basic questions about women men and objects in these regions In asking who did the shopping how things were used and why they became the subject of political dispute the essays show the profound significance of everyday objects in the eighteenth century Atlantic world

Homo oeconomicus Laurenz Volkmann, 2003 Die vorliegende Studie versteht sich als ein interdisziplinär mentalitätsgeschichtlich und kulturwissenschaftlich ausgerichtetes Projekt anglistischer Spurensuche Der Verfasser untersucht retrospektiv die Entstehung eines neuen Menschenbilds das des Homo oeconomicus welches nach gängiger Meinung in Adam Smiths *The Wealth of Nations* 1776 seine Etablierung fand und bis heute einflussreich ist Als Homo oeconomicus gilt ein Menschentypus der stark von individualistischen rationalen Vorstellungen beherrscht ist und sich an den Prinzipien von Selbstbereicherung Eigennutz und Profitmaximierung orientiert Der Verfasser deckt auf wie die britische Literatur und Publizistik zur Formung dieses Menschenbilds beitrug bzw alternative eher am Gemeinwohl ausgerichtete Weltansichten vertrat Die Auswahl der Texte beinhaltet typische Beispiele von Autoren wie Langland Chaucer Marlowe Shakespeare Jonson Bacon Bunyan Lillo Defoe Mandeville Pope Swift und Smollett Kontrastiv und ergänzend werden zahlreiche weniger bekannte sublitterarische und expositorische Texte beachtet

Prudence im Werk Daniel Defoes Dirk Barth, 1973 Die vorliegende Arbeit versucht die Bedeutung des Wortes prudence im Werk Daniel Defoes möglichst exakt zu beschreiben und sie in ihrer gesellschaftlichen Relevanz zu interpretieren Ein theoretisches Einleitungskapitel erarbeitet ein Begriffsinstrumentarium zur Bedeutungs und Kontextforschung das im Hauptteil zur praktischen Anwendung gelangt

Novel Notions Katherine E. Kickel, 2007 First Published in 2007 Routledge is an imprint of Taylor Francis an informa company
