Rising Sunsets:

Vergil: Georgics, books i., ii., ed. by A.W. Young and W.F. Masom Publius Vergilius Maro, Virgil, 1895 *Sunset*, 1899 **Captive Fathers, Captive Children** Terry Smyth, 2022-10-06 Why are the daughters and sons of Far East prisoners of war still captivated by the stories of their fathers What is it that compels so many of the children after so many years to search for the details of their fathers captivity And how over the decades have they come to terms with their childhood memories In his book Terry Smyth treads new ground by examining the processes through which the children's memory practices came to be rooted in the POW experiences of their fathers By following a life course approach and a psychosocial methodology the book demonstrates how memory and trauma were worked into the social and cultural lives of individual children and explores how the relationship between their inner psychic worlds and subsequent memory practices unfolded against a challenging and morally ambivalent geopolitical background The book invites readers to engage with the author in a journey of exploration and self reflection with elements of auto ethnography adding richness to the text Enlivened by interview extracts case study material and ethnographic observations this work opens up fresh and ambitious perspectives on the personal legacies of war **Rise and Shine** Christopher Renstrom, 2022-10-04 Unlock the secrets of who you are as written in the stars Astrology offers us a blueprint of our true selves captured in the sky at the time we were born Your rising sign is the face you show to others not a mask a persona or a role that you play Understanding your rising sign will help explain why you are sometimes misunderstood and will help you direct the first impression you make on others in order to convey the real you In Rise and Shine veteran astrologer and columnist Christopher Renstrom unpacks all 144 Rising Sign Sun sign combinations This illuminating and engaging guide will help you navigate every relationship in your life with a little help from the stars *Story of Stuart and Bert* Vincent mingzhe Qian, 2024-06-14 It's a story of two lovely squirrels Stuart and Bert an adventure journey along with their friends with detective chapters one after another stepping their feet into the real world of human jungle with no one there to help Stuart and Bert need to fight their way back they have to live and survive for their loved ones for themselves Let's dive right in Beckwith's Almanac George Beckwith, 1880 The Raw and the Cooked Claude Lévi-Strauss, 1983-03-15 In anthropological terms the concept of the raw versus the cooked has long been associated with the dichotomy between the natural world and the world of human culture In a broad based empirical study of native mythologies Claude Lévi Strauss proposes a structural and thematic link between the opposition of the raw and the cooked in mythological thought and man's attempt to establish a balanced relationship between natural and cultural forces Lévi Strauss postulates that the raw/cooked axis is characteristic of all human culture with elements falling along the raw side of the axis being those of natural origin and those on the cooked side being of cultural origin i.e. products of human creation Symbolically cooking marks the transition from nature to culture by means of which the human state can be defined in accordance with all its attributes In mythological thought the cooking of food is in effect a form of mediation between

nature and society between life and death and between heaven and earth The cook in turn can be viewed as a cultural agent whose function is to mediate the conjunction of the raw product and the human consumer the operation of which has the effect of making sure the natural is at once cooked and socialized
