**Rising to Power** Dave Greber, 1987      The Rise of the New West John F. Conway, 2014-05-30 This one volume history chronicles a 150 year history of dramatic changes in fortune and attitudes in western Canada From the Riel Rebellions and the Winnipeg General Strike to the founding of the CCF Social Credit and Reform parties Canada's West has always been a hotbed of political social and economic change In the early twentieth century those calls for change emanated from the left as farmers and workers fought for social and economic justice In the past two decades the protests and calls for change emanated from the right as the region gained a new role for itself in Canada This history chronicles the rise and fall of such figures as Grant Devine Bill Vander Zalm Glen Clark Roy Romanow Stockwell Day and Lorne Calvert and the emergence of Stephen Harper and the federal Conservatives It describes how the West the political wellspring of progressive changes over the years has been transformed into the bastion of the right culminating in the virtual annihilation of the NDP in Saskatchewan the cradle of social democracy in Canada This is the updated fourth edition of John Conway's classic book originally published under the title *The West*      *The Scandalous Rise of Inequality in Canada* LARS OSBERG, There are more billionaires than ever in Canada and they are capturing an ever growing share of the country's wealth Meanwhile 90% of Canadians are steadily losing ground Understanding how and why this is happening has been the focus of a lifetime of research by economist LARS OSBERG In this book building on his earlier book *The Age of Increasing Inequality* he describes how inequality has grown steadily over decades but is now accelerating in the post Covid world The Trudeau government came to power promising action to make the rich pay a fairer share and to reduce inequality In office they did virtually nothing and Canada's rich are richer than ever Other countries are finding effective ways to tackle inequality International organizations are proposing innovative measures to prevent the wealthy from using tax havens and to impose new taxes capturing wealth from billionaires and globe spanning tax avoiding multinationals like Apple and Microsoft LARS OSBERG identifies measures that Canada can take so that the country's wealth is shared more fairly and the wealth of billionaires can be used to improve the lives of Canada's 99%      *Canada Today*, 1971      Corporate Control Nora Loreto, 2025-05-06 How deep does corporate dominance go in Canada The second book in Nora Loreto's landmark series dives into the corporate web spun around Canada's economy society and politics The joke goes that Canada is three mining companies in a trench coat Or three oil companies in a trench coat Or three telecom companies in a trench coat It's funny because it's almost true a handful of corporations exert a disproportionate amount of power over Canadian democracy Corporate profits are at a record high and the divide between the rich and the poor has never been wider Canadians are struggling with affordability the housing crisis and wages that don't cover basic needs The combination of these forces is a pressure cooker that politicians have promised to tackle except they can't they are too restricted by corporate power to confront the roots of the problems Canadians face The first book in the *Canada in Decline* series examines the rise and fall of Canada's social safety net In this

next volume Loreto goes further identifying why Canadian politicians seem impotent in the face of corporate Canada CM,1988 **Hustling for a Buck** Dave Greber,1994 **Democracy's Oxygen** James P. Winter,1997 Hard facts that illustrate the conspiracy between government and corporate media interests **Mulroney** John Sawatsky,1991 **Hidden Hand** Clive Hamilton,Mareike Ohlberg,2020-07-02 Heavily sourced crisply written and deeply alarming The Times This is a remarkable book with a chilling message Guardian The Chinese Communist Party is determined to reshape the world in its image Its decades long infiltration of the West threatens democracy human rights privacy security and free speech Throughout North America and Europe political and business elites Wall Street Hollywood think tanks universities and the Chinese diaspora are being manipulated with money pressure and privilege Hidden Hand reveals the myriad ways the CCP is fulfilling its dream of undermining liberal values and controlling the world **Lords of the Line** David Cruise,1996-10

**Oh Canada! Oh Quebec!** Mordecai Richler,1992 Humorous account of Quebec s language obsessed separatist movement **Corporate Governance** Joachim Schwalbach,2012-12-06 Corporate Governance is a subject of great interest to academics investors and politicians throughout the world Corporate governance is associated with the way firms are managed and controlled Countries have adopted different governance systems to resolve the corporate governance issues Anglo Saxon systems differ from European and Japanese systems and Eastern Europe and China for instance experiment with the way private organizations should be governed Despite the great interest and intense debate empirical evidence on the effectiveness of various governance systems is still sparse This book brings together most current contributions from various perspectives and from an international angle The book is an essential reading for academics university students practitioners investors politicians and legislators *In Search of Canada* ,1988 **Index de Périodiques Canadiens** ,2002
