Rising Middle Power German Foreign Policy In Transformation:

Casebook internationale Politik Markus M. Müller, 2010-12-28 In den Internationalen Beziehungen hat sich eine recht deutliche Dogmatik der Theorien der Internationalen Beziehungen herausgebildet. Sie spiegelt sich im Aufbau und der didaktischen Vermittlung zahlreicher Lehrbücher wieder. Daneben gibt es eine umfangreiche Forschungsliteratur, die häufig auf eine Denkschule begrenzt empirische Fragestellungen unter Heranziehung der jeweiligen Theoriediskurse insbesondere auch ihrer Mikro-Debatten bearbeitet. Mit diesem Band wird im Breitenbereich zwischen Theorielehrbüchern und fallbezogener empirischer Forschungsliteratur eine einfache und auf die didaktische Vermittlung der exemplarischen Anwendung von Denkschulen ausgerichtete Einführung vorgelegt. **Renaissance der Geopolitik?** Nils

Hoffmann, 2012-06-01 Geopolitische Erörterungen haben eine unübersehbare Bedeutung für die deutsche Sicherheitspolitik nach dem Kalten Krieg, auch wenn Politik und Wissenschaft sich nach wie vor schwer tun mit dem belasteten Begriff. Anhand mehrerer Fallstudien von der NATO-Osterweiterung bis zur internationalen Energiepolitik zeichnet Nils Hoffmann die Entwicklung des geopolitischen Denkens in Deutschland nach und stellt sie im Spannungsfeld von Anspruch und Wirklichkeit dar. **Germany's Foreign Policy of Reconciliation** Lily Gardner Feldman, 2012-08-02 Since World War II Germany has

confronted its own history to earn acceptance in the family of nations. Lily Gardner Feldman draws on the literature of religion, philosophy, social psychology, law, and political science and history to understand Germany's foreign policy with its moral and pragmatic motivations and to develop the concept of international reconciliation. Germany's Foreign Policy of Reconciliation traces Germany's path from enmity to amity by focusing on the behavior of individual leaders, governments, and non-governmental actors. The book demonstrates that at least in the cases of France, Israel, Poland, and Czechoslovakia, the Czech Republic, Germany has gone far beyond banishing war with its former enemies; it has institutionalized active friendship. The German experience is now a model of its own, offering lessons for other cases of international reconciliation. Gardner Feldman concludes with an initial application of German reconciliation insights to the other principal post-World War II pariah, as Japan expands its relations with China and South Korea. Rising Powers and Foreign Policy Revisionism Cameron G. Thies, Mark David Nieman, 2017-11-29 Addresses concerns that rising powers may generate international conflict focusing on Brazil, Russia, India, China, and South Africa (BRICS). *India and the Major Powers After Pokhara II* Baldev Raj

Nayar, 2001 The book examines the positions that different major powers took on India's nuclear tests in 1998. Both jointly and severally it discusses the responses not only of P-5 but also those of Germany and Japan. **A Rising Middle Power** Max Otte, 2000 According to Otte, contemporary Germany is a status quo oriented and risk averse nation with three major security interests in this order: security partnership with the United States, European integration, and stability in Eastern Europe and Russia. Within these narrow parameters, Germany is emerging as a powerbroker in Europe, a development that the United States should welcome. Jacket *The Politics of German Defence and Security* Tom

Dyson,2008-03-01 The post Cold War era has witnessed a dramatic transformation in the German political consensus about the legitimacy of the use of force However in comparison with its EU and NATO partners Germany has been reticent to transform its military to meet the challenges of the contemporary security environment Until 2003 territorial defence rather than crisis management remained the armed forces core role and the Bundeswehr continues to retain conscription The book argues that strategic culture provides only a partial explanation of German military reform It demonstrates how domestic material factors were of crucial importance in shaping the pace and outcome of reform despite the impact of international structure and adaptational pressures from the EU and NATO The domestic politics of base closures ramifications for social policy financial restrictions consequent upon German unification and commitment to EMU s Stability and Growth Pact were critical in determining the outcome of reform The study also draws out the important role of policy leaders in the political management of reform as entrepreneurs brokers or veto players shifting the focus in German leadership studies away from a preoccupation with the Chancellor to the role of ministerial and administrative leadership within the core executive Finally the book contributes to our understanding of the Europeanization of the German political system arguing that policy leaders played a key role in uploading and downloading processes to and from the EU and that Defence Ministers used

Atlanticization and Europeanization in the interests of their domestic political agendas Die deutsche NATO-Politik Marco Overhaus,2009 Alle Bundesregierungen haben auch nach dem Ende des Kalten Krieges den zentralen Stellenwert der NATO f r Deutschland hervorgehoben und ihren Willen bekr ftigt den Transformationsprozess der Allianz aktiv mitzugestalten Die Monographie untersucht den Gestaltungswillen und die zugrunde liegenden Sicherheits und Einflussinteressen dieser Politik

Die Umkehr Konrad Hugo Jarausch,2004 **German Politics and Society** ,2001 **Visions of the Future in Germany and America** Hermann Wellenreuther,Norbert Finzsch,2001-10 Predictions about the world have the power to grip whole societies and shape the actions of many groups whether working in politics ecology or religion At the end of epochs and eras humans tend to reflect on the shape of things to come Most recently fears about the millennium bug had thousands rushing to stock up on candles and food in the weeks before New Year s Eve Concerns about the future have been expressed differently throughout history This book explores the historical context surrounding various debates decisions and beliefs about the future in recent centuries Religious political literary and ecological visions of the future in America and Germany are addressed comparatively In particular scholars from the United States and Germany explore the meaning of eschatological and utopian thoughts pursued during the last three centuries and tackle subjects ranging from science fiction to religious radicalism utopian social experiments and visions of race relations This book delves into the hopes and fears for the future that have shaped the past and will be of interest to comparative historians as well as to historians of Europe and the United States intrigued by the subject of utopias **Defending Democracy** Kwaku Nuamah,2003 **Political Science Quarterly** Munroe Smith,Thomas Reed Powell,Parker Thomas Moon,Henry Raymond Mussey,Robert Livingston

Schuyler, Columbia University. Faculty of Political Science, 2001 **The Iraq War** Rick Fawn, Raymond A. Hinnebusch, 2006

While the war in Afghanistan saw most industrial countries back the US led campaign the subsequent war in Iraq has profoundly divided international opinion and likely represents a watershed in the post Cold War international order The Iraq War examines the full range of explanations of the conflict as well as its significance for the Middle East for key international relationships and for the future of the international system The authors critically assess the foreign policy decisions of both global and regional actors What policies were adopted and against what opposition What state interests were served or compromised in the process What are the likely longer term consequences of each country's position Addressing these questions as well as broader issues of regional stability global political economy and the changing nature of warfare they offer an in depth systematic analysis that brings clarity to this complex subject **Neoclassical Realism and Defence Reform in Post-Cold War Europe** Tom Dyson, 2010-07-30 Includes bibliographical references p 287 314 index
