Risk Of Education Discovering Our Ultimate Destiny:

The Risk of Education Luigi Giussani, 2019-01-15 Luigi Giussani a high school religion teacher throughout the 1950s and 1960s grounded his teachings in the vast body of experience to be found in Christianity's two thousand year history. He told his students I'm not here to make you adopt the ideas I will give you as your own but to teach you a method for judging the things I will say. Throughout his life education was one of Giussani's primary intellectual interests. He believed that effective education required an adequate background in the Christian tradition presented within a lived experience that underscored the capacity of the faith to answer universal questions. What he proposed was a process that allowed one to sift through tradition critically examining it and comparing it against the ultimate criteria for judgment: the desires of the heart. In Giussani's view the primary concern was to educate the human heart as God made it. In *The Risk of Education* he states that fear leads students to associate this process of criticism with negativity or doubt. Yet without an education in criticism students cannot develop conviction. At a time when young people are abandoning the church and questioning the value of faith Giussani's method of judging and verifying Christianity as an experience seems a necessary intervention. In *The Risk of Education* he argues that ultimately education and the Christian message reveal themselves through human freedom. *The End of Our Exploring* Matthew Lee Anderson, 2013-06-21 Do we know what it means to question well? We need not fear questions but by the grace of God we have the safety and security to rush headlong into them and find ourselves better for it. On the other side Faith isn't the sort of thing that will endure as long as our eyes are closed. The opposite is the case. Faith helps us see and that means not shrinking from the ambiguities and the difficulties that provoke our most profound questions. In our embrace of questioning we must learn to question well. In our uncertainty we must not give up the task of walking worthy of the calling that Christ has placed upon us. For we have not yet reached the end of our exploring. This book is written to aid you in faithfully questioning your foundations. *Desiring the Kingdom (Cultural Liturgies)* James K. A. Smith, 2009-08-01 Malls, stadiums and universities are actually liturgical structures that influence and shape our thoughts and affections. Humans as Augustine noted are desiring agents full of longings and passions; in brief we are what we love. James K. A. Smith focuses on the themes of liturgy and desire in *Desiring the Kingdom*, the first book in what will be a three volume set on the theology of culture. He redirects our yearnings to focus on the greatest good: God. Ultimately Smith seeks to re-vision education through the process and practice of worship. Students of philosophy, theology, worldview and culture will welcome *Desiring the Kingdom* as will those involved in ministry and other interested readers. **Catechesis for the New Evangelization** Brian Pedraza, 2020-06-12 Popes Francis, Benedict XVI and John Paul II have called the present a time of New Evangelization for the Church and have stressed the importance of catechesis for this mission. John Paul II claimed that this renewal of the Church's mission is grounded in the teachings of the Second Vatican Council. Nevertheless, approaches to catechesis in the conciliar and postconciliar era have varied greatly as evidenced by the shifts in catechetical practice.

effected by the modern catechetical movement Just as the dominant forms of theology changed from neo scholastic to anthropological approaches so too did catechesis move from catechism based approaches to more anthropological models based upon human experience In light of this context Catechesis for the New Evangelization examines the theological foundations of catechesis in the Church s understanding of divine revelation and its reception by the human person especially as found in the conciliar constitutions Dei Verbum and Gaudium et Spes After drawing norms on divine revelation from these documents it traces the history of the modern catechetical movement in order to compare this history with the conciliar norms highlighting the renewal s strengths and weaknesses These steps prepare the way for the main part of the book an examination of the anthropology of Karol Wojty a Pope John Paul II Ultimately his anthropology provides an understanding of the person that can unite divine revelation and human experience in a way that takes what is best from the modern catechetical movement while developing the ministry in a way that can be fruitful for the New Evangelization Pedraza s book is not only an incisive look at modern catechetical history and theory It also touches upon some of the most important theological topics of the past century including the neo scholastic crisis the proper interpretation of the Council the relationship of nature and grace and the modern understanding of the imago dei with the research and competency appropriate for scholarly interest and the accessibility needed for educated practitioners in catechesis

Christian Faith, Formation and Education Ros Stuart-Buttle, John Shortt, 2017-11-13 This book discusses the relationship between faith formation and education Rooted in a variety of discourses the book offers original insights into the education and formation of the human person both theoretical and practical Issues are considered within a context of contemporary tensions generated by an increasingly pluralist society with antipathy to religious faith and debated from interdenominational Christian perspectives Including chapters by an international team of experts the volume demonstrates how Christian faith holds significance for educational practice and human development It argues against the common assumption that there can be a neutral approach to education whilst at the same time advocating a critical dimension to faith education It brings fresh
