Rites Victor Perera,1986 Absorption Narratives Stephanie M. Pridgeon,2024-12-16 In *Absorption Narratives* Stephanie M Pridgeon explores cultural depictions of Jewishness Blackness and Indigeneity within a comparative inter American framework The dynamics of Jewishness interacting with other racial categories differ significantly in Latin America and the Caribbean compared with those in the United States and Canada largely due to long standing and often disputed concepts of mestizaje broadly defined as racial mixture As a result a comprehensive understanding of Jewishness and the construction of racial identities requires an exploration of how Jewishness intersects with both Blackness and Indigeneity in the Americas *Absorption Narratives* charts the ways in which literary works capture differences and similarities among Black Jewish and Indigenous experiences Through an extensive and diverse examination of fiction Pridgeon navigates the complex connections of these identity categories offering a comparative perspective on race and ethnicity across the Americas that destabilizes US centric critical practices Revealing the limitations of US focused models in understanding racial alterity in relation to Jewishness *Absorption Narratives* emphasizes the importance of viewing the narrative of race relations in the Americas from a hemispheric standpoint **The Rough Guide to Guatemala** Iain Stewart,Mark Whatmore,2002 Detailed wilderness treks volcano climbs and tours of the Mayan ruins are profiled in this lively guide of Guatemala 38 maps 24 page full color section
