Chinese Annals in the Western Observatory Edward Shaughnessy, 2019-11-18 Since the beginning of the twentieth century hundreds of thousands of documents of all sorts have been unearthed in China opening whole new fields of study and transforming our modern understanding of ancient China While these discoveries have necessarily taken place in China Western scholars have also contributed to the study of these documents throughout this entire period This book provides a comprehensive survey of the contributions of these Western scholars to the field of Chinese paleography and especially to study of oracle bone inscriptions bronze and stone inscriptions and manuscripts written on bamboo and silk Each of these topics is provided with a comprehensive narrative history of studies by Western scholars as well as an exhaustive bibliography and biographies of important scholars in the field It is also supplied with a list of Chinese translations of these studies as well as a complete index of authors and their works Whether the reader is interested in the history of ancient China ancient Chinese paleographic documents or just in the history of the study of China as it has developed in the West this book provides one of the most complete accounts available to date

The Art of the Chinese Picture-Scroll Shane McCausland, 2023-10-25 The first extended history of the Chinese picture scroll The Chinese picture scroll a long horizontal painting or calligraphic work has been China's pre eminent aesthetic form throughout the last two millennia This first history of the picture scroll explores its extraordinary longevity and adaptability to social political and technological change The book describes what the picture scroll demands of a viewer how China's artists grappled with its cultural power and how collectors and connoisseurs left their marks on scrolls for later generations to judge

Unmasking Ideology in Imperial and Colonial Archaeology Bonnie Effros, Guolong Lai, 2018-12-31 This volume addresses the entanglement between archaeology imperialism colonialism capitalism and war Popular sentiment in the West has tended to embrace the adventure rather than ponder the legacy of archaeological explorers allegations by imperial powers of discovering archaeological sites or saving world heritage from neglect or destruction have often provided the pretext for expanding political influence Consequently citizens have often fallen victim to the imperial war machine seeing their lands confiscated their artifacts looted and the ancient remains in their midst commercialized Spanning the globe with case studies from East Asia Siberia Australia North and South America Europe and Africa sixteen contributions written by archaeologists art historians and historians from four continents offer unusual breadth and depth in the assessment of various claims to patrimonial heritage contextualized by the imperial and colonial ventures of the last two centuries and their postcolonial legacy

Before Confucius Edward L. Shaughnessy, 1997-01-01 Examines the original composition of China's oldest books the Classic of Changes the Venerated Documents and the Classic of Poetry and attempts to restore their original meanings
