Population Policies in the People's Republic of China

Xueyuan Tian, 2025-10-27 From an insider's perspective this book elaborates on the three stages of population policies since the founding of the People's Republic of China PRC As a key policy discussant and drafter the author incorporates some valuable documentaries and manuscripts that have not been revealed in the extant literature and brings in new theoretical angles for interpretations of population policies in the PRC This book begins with a brief review of population policies in ancient China and then focuses on the population debates and growing concerns for population growth in the first thirty years of the PRC This is followed by telling the whole story of the PRC's one child policy including theoretical discussions the policy's situated social context policy details and strategies Lastly this book discusses the population changes and trends in the twenty first century and provides advice on China's population development strategies in the future Throughout the book the author draws on his own experience in population policy making to provide new insights in his review of China's one child policy and facilitates a delineation of population changes among social developments population debates and government policy changes This book is intended for readers who are interested in population policies of the PRC It is particularly useful for students and researchers specializing in China's population studies and serves as a trustworthy source for those wanting a holistic picture of the PRC's population policies

Malthus Across Nations Gilbert Faccarello, Masashi Izumo, 2020-04-24 The writings of Thomas Robert Malthus continue to resonate today particularly *An Essay on the Principle of Population* which was published more than two centuries ago *Malthus Across Nations* creates a fascinating picture of the circulation of his economic and demographic ideas across different countries highlighting the reception of his works in a variety of nations and cultures This unique book offers not only a fascinating piece of comparative analysis in the history of economic thought but also places some of today's most pressing debates into an accurate historical perspective thereby improving our understanding of them

Issues in Social Demography A. K. Sharma, 1989 *Population and Political Theory* James S. Fishkin, Robert E. Goodin, 2010-03-08 Part of the acclaimed Politics and Society series *Population and Political Theory* brings together leading thinkers in the fields of philosophy political science economics and social policy to address issues at the convergence of population policy and political theory Offers a single volume systematic overview of philosophical issues relating to population Represents a unique merging of discussions of population policy with political theory Broad in scope the diverse discussions will appeal to political philosophers population specialists and public policy makers

The Top Books of the Year Population Theory Policy The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have charmed audiences this year. Population Theory Policy : Colleen Hoover "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Population Theory Policy : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
