Songs of Innocence and Experience Magdalena Grabias-Zurek,2013-07-26 Songs of Innocence and Experience Romance in the Cinema of Frank Capra is a study of the director s chosen movies from the perspective of three types of comedies paradisaal purgatorial and infernal as assigned by Dante in his Divine Comedy Magdalena Grabias views Capra s films in two broader categories of innocence and experience where innocence represents Dantean paradisaal level and experience combines the levels of purgatory and inferno Such a division constitutes the means to interpret Capra s filmic universe and to describe the ever evolving directorial vision of Frank Capra The main purpose of the book is to demonstrate how in the light of the theory of literary romance as presented by Northrop Frye in his seminal works concerning the subject the films of Frank Capra fit into the genre of romance Romantic elements in Frank Capra s movies can be found in both innocence and experience categories and hence consequently in his paradisaal purgatorial and infernal comedies However in both categories and all three comedy types the romantic reality of each examined film is structured and developed in a different manner The book offers an insight into Frank Capra s films and the complex process of creating his multidimensional romantic universe within them Encyclopedia of Populism in America Alexandra Kindell,Elizabeth S. Demers Ph.D.,2014-02-27 This comprehensive two volume encyclopedia documents how Populism which grew out of post Civil War agrarian discontent was the apex of populist impulses in American culture from colonial times to the present The Populist Movement was founded in the late 1800s when farmers and other agrarian workers formed cooperative societies to fight exploitation by big banks and corporations Today Populism encompasses both right wing and left wing movements organizations and icons This valuable

encyclopedia examines how ordinary people have voiced their opposition to the prevailing political economic and social constructs of the past as well how the elite or leaders at the time have reacted to that opposition The entries spotlight the people events organizations and ideas that created this first major challenge to the two party system in the United States Additionally attention is paid to important historical actors who are not traditionally considered Populist but were instrumental in paving the way for the movement or vigorously resisted Populism s influence on American culture This encyclopedia also shows that Populism as a specific movement and populism as an idea have served alternately to further equal rights in America and to limit them

Selling Out Santa Vaughn Joy,2025-11-17 Christmas is not just a day or a frame of mind as Kris Kringle Edmund Gwenn imparts in *Miracle on 34th Street* 1947 Christmas is also a vehicle for national mythmaking as an idealising mirror for American cultural and political attitudes of a given moment Via a case study on Hollywood Christmas films released between 1946 and 1961 *Selling Out Santa* offers an examination of political pressures on Hollywood in the post war period and the cultural ramifications of federal involvement in the motion picture industry As the House Committee on Un American Activities opened hearings in 1947 and the FBI gathered reports on potential communist subversion in Frank Capra s Christmas classic *It s a Wonderful Life* 1946 Hollywood executives began to bend to the socially conservative pressures of this post war moment Using Christmas films as the core of this investigation to identify and analyse changes within the genre as they relate to and reflect changes in the wider cultural and political moment exposes for film scholars students and non specialists how these federal and external pressures on Hollywood moulded these holiday favourites throughout the 1950s and set the social standard for decades of Christmas releases

Romantic vs. Screwball Comedy Wes D. Gehring,2002-10-16 Famous co stars such as Katharine Hepburn and Cary Grant to Tom Hanks and Meg Ryan have made screwball and romantic comedies a big seller at the box office These seemingly timeless genres are as popular today as ever This book takes a closer look at the precise meanings of the terms screwball and romantic Film fans and scholars alike tend to lump film with laughter and love under a screwball romantic umbrella and use the terms screwball and romantic interchangeably In reality there is a distinction the screwball variety places its emphasis on funny while the more traditional romantic comedy accents love Covering over 60 titles each of romantic and screwball comedy dating from the 1930s to the present this research tool not only demonstrates how screwball and romantic comedy are two distinct genres but also highlights pivotal social and artistic changes which impacted both genres Includes 24 black and white movie stills countless quotations from selected films an annotated bibliography and a two part filmography Not only an informative resource for film students and scholars but also an interesting read for film buffs

Frontiers and Boundaries in U.S. History Cornelis A. van Minnen,Sylvia L. Hilton,2004 The essays collected in this volume explore the frontier theme in American history not only as it relates to issues of political jurisdiction territorial

expansion and cultural interaction but also as a concept which is applicable to any different types of historically significant boundaries that have been used to differentiate and separate that have been renegotiated or that might be historiographically redefined Physical geography demographic movements international relations political culture social customs language religion and other cultural factors as they intertwined over time have all played roles in the historical processes of defining the nation its values and the limits of its power The same factors have also given rise to different social groups interests and jurisdictions within the nation These essays examine many kinds of frontiers and boundaries territorial economic ethnic literary artistic ideological political institutional administrative and even historiographical discussing theoretical and interpretative problems in their demarcation as well as their transgression and their relationship with the exercise of power from colonial times to the present

Queen of the 'B's Annette Kuhn, 1995-08-24 Although Ida Lupino is best known as a leading actress in many Hollywood B movies her work as a filmmaker has been neglected by critics historians and audiences In the late 1940s Lupino turned writer producer and director in her own independent production company The films she made beginning with *Not Wanted* in 1949 were low budget pictures taking an uncompromising approach to controversial subject matter unmarried motherhood disability rape bigamy Lupino is exceptional as the only woman to have directed a visible body of films in the male dominated Hollywood of the 1950s The continuation of that directorial career in television throughout the 1960s strengthens the claim that Lupino is the most prolific and creatively powerful woman director ever to have worked in the moving image industry This book is the first extensive critical study of Ida Lupino's work as a director in both film and television It features in depth essays on each of the films she directed and on her work in television including such popular series as *The Fugitive* and *The Twilight Zone* with the most complete credit listing yet published of her television work Viewing Lupino's oeuvre in historical social industrial and aesthetic contexts all the contributors demonstrate that the work repays informed and sensitive readings and many consider it in light of contemporary feminist debates on cinema *Queen of the B's* is a long overdue reassessment of an important and pioneering director
