**Pornography** Catherine Itzin,1992 The group of respected writers who have contributed to this volume hold two beliefs in common a passionate opposition to censorship and a vehement conviction that until pornography is eradicated women s status in society can never equal men s

**Civil Liberties and Human Rights** Helen Fenwick,2009-06-02 This book is a detailed thought provoking and comprehensive text that is valuable not only for students but also for all those interested in the development of civil liberties in the Human Rights Act era

**Textbook on Civil Liberties and Human Rights** Richard Stone,2014 Written primarily for students this textbook will also be of interest to anyone who is concerned about restrictions on individual freedom The author assesses the impact of the Human Rights Act 1998 and the Freedom of Information Act 2000

**Civil Liberties & Human Rights** Ruth Costigan,Richard Stone,2017 A straightforward and stimulating account of this fascinating area of law that covers all the key topics on undergraduate human rights modules It includes detailed analysis of key cases throughout that puts the law into context and encourages students to engage with contemporary issues and debates

Pornography Catherine Itzin,1992 This book is not a diatribe against eroticism or a moral crusade to stamp out sex Rather it is an attack on the international industry in pornography which in abusing and degrading women desensitizes people to the routine discrimination and violence that its opponents claim it engenders Including contributions by Andrea Dworkin Corinne Sweet and Michael Moorcock these challenging uncompromising and passionate essays examine such topics as the ineffectiveness of the Obscene Publications Act the need for legislation against pornography without censorship to enable victims of pornography related harm to seek redress and an equivalent to the Race Relations Act to permit the prosecution of cases of incitement to sexual hatred and violence the different types of pornographic material and the possible links between pornography and rape child abuse and discrimination

Rights and Constitutionalism Dawid Hercules Van Wyk,1994 An introduction to the constitutional order in South Africa drawing on the constitutional experience in countries such as Canada India Germany and the US which influenced the drafting of Chapter 3 of the 1993 Constitution

**Pornography, Sex, and Feminism** Alan Soble,2002-03 In this unabashed defense of pornography from a utilitarian hedonist perspective philosopher Alan Soble strongly rebuts both feminist and conservative critics Soble demonstrates that neither conservative nor feminist critics of pornography show much acquaintance with the genre they criticize This suggests that purely political motives underlie their critiques instead of reasoned objective arguments based on thorough empirical research Soble also faults critics of pornography for their failure of empathy they refuse to see pornographic images from the various perspectives of their viewers In approaching these images literally detractors promulgate the worst possible interpretation of pornography Further they do not do justice to the social and psychological research about pornography and its purported harms Conservatives and feminists manufacture their case against pornography and its consumers based on oversimplified interpretations of the images and a poor understanding of scientific studies This sardonic and well reasoned

critique of feminist and conservative moral outrage over pornography is sure to be controversial

**Women, Violence and Strategies for Action** Jill Radford, Melissa Friedberg, Lynne Harne, 2000 This collection gives important insight into the new issues and questions that have become central to understandings of women violence and resistance It focuses on the connections between research and the development of strategies for change by providing excellent examples of policy relevant feminist research rooted in both academe and activism The emphasis throughout is on the link between research and strategies for action at the local national and international level The book gathers together the many exciting ideas discussions and developments arising from the work of the researchers and activists who are part of the British Sociological Association Violence Against Women Study Group The contributing authors share a commitment to research that centres on the material reality of women s lives and assists the generation of strategies for action It complements the earlier volume Women Violence and Male Power extending the latter s coverage in important ways by addressing differences as well as commonalities between women and the complexities of feminist analysis and activism in a changing context Women Violence and Strategies for Action is of direct relevance to practitioners working in the professions of probation social work and law as well as students and researchers in the fields of women s studies sociology social policy social work criminology and socio legal studies It will also be of interest to women s organizations including local inter agency forums

**The Inseparability of Law and Morality** Ellis Washington, 2002-06-28 The Inseparability of Law and Morality is an opus based entirely on Natural law the original philosophy of the Constitutional Framers Ellis Washington

shows how and where America went wrong in separating law from morals by applying Natural law precepts to a wide variety of contemporary legal moral political social and philosophical problems Washington exposes the sophistry of former and current legal and philosophical approaches to the law like democracy positive law utilitarianism relativism egalitarianism secularism liberalism feminism progressivism pragmatism materialism ideas which have in modern times proven themselves to be wholly untenable dangerous and inevitably lead to a corruption of societal morality He concludes that the only solution to regain public civility and respect for the rule of law is for America to return to the ancient notions of Natural law and the original intent of the Constitutional Framers Rethinking Sexual Harassment Clare Brant, Yun Lee Too, 1994 In the 1970s the term sexual harassment was coined by American women to describe what until then had been an experience without a name The phenomenon subsequently acquired a discourse that has gone largely unchallenged in the intervening years But do prevailing definitions of harassment adequately reflect the complexity of the issue Or is it now time to challenge the conventional assumptions that underlie our approach to and our ways of dealing with the problem of harassment Rethinking Sexual Harassment makes a significant contribution to our understanding of the issue by questioning the language we use to describe harassment and the assumptions we make when we think about it It investigates the connections that exist between types of behaviour usually described as harassment it reexamines the complicated relationship between gender and ethnicity sexuality age religious belief and other aspects of identity it scrutinises the ways in which harassment is perceived Rethinking Sexual Harassment is an innovative and challenging contribution from feminists in Britain to an important and continuing debate BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

**Media Freedom Under the Human Rights Act** Helen Fenwick, Gavin Phillipson, 2006 Media Freedom under the Human Rights Act provides the most comprehensive analysis to date of the impact of Article 10 ECHR as received through the Human Rights Act 1998 on the substantive law governing freedom of expression in the media Fully up to date the book provides extensive coverage of crucial recent developments in this field these include the key cases of *Ashworth* and *Punch* in the area of contempt the ground breaking privacy decisions in *Von Hannover v Germany* and *Campbell v MGN* full consideration of theoretical approaches to explicit speech and blasphemy including a detailed critique of Strasbourg case law in the area detailed discussion of the new offence of incitement to religious hatred the new scheme for content regulation of broadcasting under the Communications Act 2003 in the light of *ProLife Alliance* a full survey of recent domestic and Strasbourg caselaw in the areas of copyright and political defamation and analysis of the early impact of the Freedom of Information Act The authors both leading academics in the field have drawn on significant comparative decisions to formulate a coherent and provocative critique of the relationship between media law and freedom of expression and suggested principles which make a significant contribution to the legal discourse surrounding media freedom in the Human Rights Act era The result is a book which provides a scholarly and theoretically informed analysis of this very topical subject

of interest to those studying at all levels and practising in this area of law

### **Pornography Women Violence And Civil Liberties Introduction**

In today's digital age, the availability of Pornography Women Violence And Civil Liberties books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Pornography Women Violence And Civil Liberties books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Pornography Women Violence And Civil Liberties books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Pornography Women Violence And Civil Liberties versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Pornography Women Violence And Civil Liberties books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Pornography Women Violence And Civil Liberties books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Pornography Women Violence And Civil Liberties books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them

accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Pornography Women Violence And Civil Liberties books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Pornography Women Violence And Civil Liberties books and manuals for download and embark on your journey of knowledge?
