War, Espionage, and Masculinity in British Fiction Susan L. Austin, 2023-05-23 War Espionage and Masculinity in British Fiction explores the masculinities represented in British works spanning more than a century. Studies of Rudyard Kipling's *The Light That Failed* 1891 and Erskine Childers' *The Riddle of the Sands* 1903 investigate masculinities from before World War I at the height of the British Empire. A discussion of R. C. Sherriff's play *Journey's End* takes readers to the battlefields of World War I where duty and the harsh realities of modern warfare require men to perform perhaps to die perhaps to be unmanned by shellshock. From there we see how Dorothy Sayers developed the character of Peter Wimsey as a model of masculinity both strong and successful despite his own shellshock in the years between the world wars. Graham Greene's *The Heart of the Matter* 1948 and *The Quiet American* 1955 show masculinities shaken and questioning their roles and their country's after neither world war ended all wars and the Empire rapidly lost ground. Two chapters on *The Innocent* 1990 Ian McEwan's fictional account of a real collaboration between Great Britain and the United States to build a tunnel that would allow them to spy on the Soviet Union dig deeply into the 1950's Cold War to examine the fictional masculinity of the British protagonist and the real world and fictional masculinities projected by the countries involved. Explorations of Ian Fleming's *Casino Royale* 1953 and *The Living Daylights* 1962 continue the Cold War theme. Discussion of the latter film shows a confident infallible masculinity optimistic at the prospect of glasnost and the potential end of Cold War hostilities. John le Carr's *The Night Manager* 1993 and its television adaptation take espionage past the Cold War. The final chapter on Ian McEwan's *Saturday* 2005 shows one man's reaction to 9/11.

Supplement, 1969-1973 Estelle A. Fidell, 1974-12 An index to 11,561 stories in 805 collections.

A Common Spring Nadya Aisenberg, 1979 Nadya Aisenberg discusses the potentialities of the crime novel its implications principles and scope and its analogy of myth and the fairy tale. She proposes that the detective story and the thriller have made an unacknowledged contribution to serious literature. Her discussion of Dickens, Conrad and Green indicates that each borrowed many important ingredients from the formulaic novel.

Postmodern Fiction and the Break-Up of Britain Hywel Dix, 2011-11-03 A monograph analysing the symbolic role played by contemporary fiction in the break up of political and cultural consensus in British public life.

Fathers and Mothers in Literature Henk Hillenaar, Walter Schönau, 1994 Many people as a child dream of having other parents a gentler mother a kinder or stronger father a more illustrious family. According to our secret dreams were not most of us born sons or daughters of a king a president a champion. Freud termed this the Family Romance. We all carry these secret scenarios in ourselves. Usually they are long forgotten but nevertheless remain alive in the stories we tell ourselves and relate to others. Therefore the Family Romance is one of the keys to the understanding of literature. The French literary critic Marthe Robert developed a fundamental theory of Freud. In 1972 she presented in her publication *Origins of the Novel* a new method to

analyse the novel and to understand its history Her study offers a proof of the relevance of Freud's views and it invites us to expand on its ideas and suggestions It is in this perspective that the authors of this volume write about the historical and mythical figures Mary Medea Electra Kaspar Hauser and Sir Gawain Other articles are devoted to the Family Romance in the works of the following authors Barthes Beckett Camus Drieu la Rochelle Faulkner Flaubert Goethe Claire Goll Jutta Heinrich Gombrowicz Greene Kafka L. v. Modiano Petronius Sartre Vigny
