**The Pope's Battalions** Ross Fitzgerald, Adam James Carr, William J. Dealy, 2003 A prophet whose confident prophecies were frequently proved wrong B A Santamaria profoundly affected 20th century Australian political life Although he rarely gave interviews and never held elected office Santamaria became widely known through his regular commentaries in the Australian and in his magazine News Weekly Building on his battle against Communist influence in the trade unions Santamaria boldly attempted to capture the ALP and transform it into a European style Christian Democrat party The ensuing split was disastrous demoralising the ALP and casting Santamaria out of the Labor fold for all time *Catholicism in Modern Italy* John Pollard, 2008-06-30 John Pollard's book surveys the relationship between Catholicism and the process of change in Italy from Unification to the present day Central to the book is the complex set of relationships between traditional religion and the forces of change In a broad sweep Catholicism in Modern Italy looks at the cultural social political and economic aspects of the Catholic church and its relationship to the different experiences across Italy over this dramatic period of change and modernisation **Secular Conversions** Damon Mayr, 2016-08-30 This book reveals how taken for granted political structures have shaped the fate of religion in Australian and American public life **Neither Power Nor Glory** Paul Strangio, 2012-06-01 When Frank Hardy published *Power Without Glory* his notorious novel about corruption and venality in the Victorian Labor Party it quickly came to be seen as a true account of the party Until now there has been no authoritative chronicle of the struggles of political Labor in Victoria from its origins in the mid nineteenth century through to the calamitous split of the 1950s By conventional measures these were fallow years Ensnared by the colony's powerful liberal protectionist tradition in the late nineteenth century Victorian Labor then found itself hindered by a grossly unfair electoral system and the lack of a constituency outside Melbourne's industrial suburbs But exile from government also meant that the party developed its own distinctive traditions and culture It was a unique and intriguing species among the state Labor parties Meticulously researched and elegantly written *Neither Power Nor Glory* fills an important gap in Australian political history and our understanding of the Labor Party It is also a timely antidote to nostalgia about Labor's past In Victoria at least that past was anything but golden WINNER OF THE 2013 HENRY MAYER PRIZE *Cold War Mary* Peter Jan Margry, 2021-01-28 One hardly known but fascinating aspect of the Cold War was the use of the holy Virgin Mary as a warrior against atheist ideologies After the Second World War there was a remarkable rise in the West of religiously inflected rhetoric against what was characterised as godless communism The leaders of the Roman Catholic Church not only urged their followers to resist socialism but along with many prominent Catholic laity and activist movements they marshaled the support of Catholics into a spiritual holy war In this book renowned experts address a variety of grassroots and Church initiatives related to Marian politics the hausse of Marian apparitions during the Cold War period and the present day revival of Marian devotional culture By identifying and analysing the militant side of Mary in the Cold War context on a global scale

for the first time Cold War Mary will attract readers interested in religious history history of the Cold War and twentieth century international history      **Labour Traditions** Julie Kimber, Phillip Deery, Verity Archer, Nikola Balnave, Anne Beggs Sunter, Paul Williams, Peta Belic, Robert Bollard, Verity Burgmann, Rowan Cahill, Frank Cain, Robert Corcoran, Drew Cottle, Angela Keys, Jacqueline Dickenson, Tony Duras, Tim Dymond, Nick Dyrenfurth, Peter Franks, Ian Harriss, Bill Robbins, Stephen Holt, Terry Irving, Tommy Khoshaba, Michael Lyons, Laurence W Maher, Max Ogden, Bobbie Oliver, Mikael Ottosson, Calle Johan Rosengren, Geoff Robinson, Joanne Scott, Kathryn Steel, Jonathan Strauss, Fay Woodhouse, 2007-07-01 The 10th National Labour History Conference held at the University of Melbourne on 4-6 July 2007 centred around the broad theme of Labour Traditions the conference offered papers talks and forum discussions on a range of topics involving presentations from leading scholars reflective activists and those who are still making our collective history as they speak John Faulkner Robert Ray John Cain and Wally Curran spoke at a forum on how the labour movement has conducted its internal debates over issues large and small Terry Irving organised a session on Popular Movements for Democracy in Early Australia Verity Burgmann assembled some very engaging speakers to commemorate the centenary of the founding of the IWW in Australia Phillip Deery organised an impressive array of people to talk and argue about the Cold War The blend of scholarly research and direct engagement in the field is reflected in the presentations on workplace health and safety by Yossi Berger Ray Markey Greg Patmore and Bill Shorten In addition to sessions on these special topics there were numerous informative and engaging presentations on individual subjects ranging from Bobbie Oliver on apprenticeship systems to Paddy Garrity on trade unions and the arts Here you will find the papers and abstracts from this conference Julie Kimber Peter Love and Phillip Deery eds **Labour Traditions** Proceedings of the tenth national labour history conference held at the University of Melbourne ICT Building Carlton Victoria Australia 4-6 July 2007 Australian Society for the Study of Labour History Melbourne 2007 ISBN 978 0 9803883 1 2 pp iii 224      **Law Society Journal** ,2004      **Labour History** ,2004

**Australian Book Review** ,2003      *Leadership and the Liberal Revival* Norman Abjorensen, 2007 The careers of Bolte and Askin are traced here in the context of the Liberal revival and the heightened expectations of the post war years when the Liberal Party reached an ascendancy Their leadership is also examined in the broader context of leadership in the Liberal Party and how they sought voters who were attracted to the non Labor parties      Henry George's Legacy in Economic Thought John Laurent, 2005 Henry George's *Progress and Poverty* sold more than 3 million copies by the time of its 50th anniversary in 1929 outselling all other works on economics yet today economics students can complete their courses without ever having heard of the author's name This collection redresses this neglect by presenting a range of perspectives on Henry George's fertile ideas which it is increasingly argued merit revisiting in terms of their capacity to contribute towards solutions to current problems including runaway land values nationalization of land monopoly control of public assets and environmental degradation The book also discusses George's significant theoretical contributions including the

Henry George Theorem named after him by two Nobel prize winning economists and important insights bearing on the relation of evolutionary theory to economics The authors also discuss George s powerful influence on the economic development of Australia and New Zealand and the affinity he felt for these countries is also considered Henry George s Legacy in Economic Thought will appeal in particular to upper level students and scholars of the history of economic thought and the public sector but also to economists more widely
