## **Pornography And The Sex Crisis:**

Pornography and the Sex Crisis Susan G. Cole, 1992 Can we do something about pornography without using censorship Award winning journalist Susan G Cole says yes and presents a new argument that goes beyond the ones that have polarized the country around this issue *Pornography and the Sex Crisis* Susan Carano Cole, 1989 *Gender, Sexuality and Race in the Digital Age* D. Nicole Farris, D'Lane R. Compton, Andrea P. Herrera, 2020-01-01 This book provides a unique analysis of the intersection between gender sexuality race and social media While early scholarship identified the internet as being inherently egalitarian this volume presents the internet as a real social place where inequalities matter and manifest in particular ways according to the architectures of particular platforms This volume utilizes innovative methodologies to analyze how internet users both re inscribe and resist inequalities of gender sexuality and race It describes how the internet has ameliorated and bridged geographic and numerical limits on community formation and this volume examines how the functioning of social inequalities differs on and offline **The Quest for Sexual Health** Steven Epstein, 2022-03-23 Offering an entryway into the distinctive worlds of sexual health and a window onto their spillover effects sociologist Steven Epstein traces the development of the concept and parses the debates that swirl around it Since the 1970s health professionals researchers governments advocacy groups and commercial interests have invested in the pursuit of something called sexual health Under this expansive banner a wide array of programs have been launched organizations founded initiatives funded products sold and yet no book before this one asks What does it mean to be sexually healthy When did people conceive of a form of health called sexual health And how did it become the gateway to addressing a host of social harms and the reimagining of private desires and public dreams Conjoining sexual with health changes both terms it alters how we conceive of sexuality and transforms what it means to be healthy prompting new expectations of what medicine can provide Yet the ideal of achieving sexual health remains elusive and open ended and the benefits and costs of promoting it are unevenly distributed across genders races and sexual identities Rather than a thing apart sexual health is intertwined with nearly every conceivable topical debate from sexual dysfunction to sexual violence from reproductive freedom to the practicalities of sexual contact in a pandemic In this book Steven Epstein analyzes the rise proliferation uptake and sprawling consequences of sexual health activities offering critical tools to assess those consequences expand capacities for collective decision making and identify pathways that promote social justice Pornography and Sexual Representation Joseph W. Slade, 2001 A three volume reference guide to the available literature concerning pornography and sexual representation in America **Securing Sex** Benjamin A. Cowan, 2016-03-02 In this history of right wing politics in Brazil during the Cold War Benjamin Cowan puts the spotlight on the Cold Warriors themselves Drawing on little tapped archival records he shows that by midcentury conservatives individuals and organizations civilian as well as military were firmly situated in a transnational network of right wing cultural activists They subsequently joined the powerful hardline constituency supporting Brazil s

brutal military dictatorship from 1964 to 1985 There they lent their weight to a dictatorship that Cowan argues operationalized a moral panic that conflated communist subversion with manifestations of modernity coalescing around the crucial nodes of gender and sexuality particularly in relation to youth women and the mass media The confluence of an empowered right and a security establishment suffused with rightist moralism created strongholds of anticommunism that spanned government agencies spurred repression and generated attempts to control and even change quotidian behavior Tracking how limits to Cold War authoritarianism finally emerged Cowan concludes that the record of autocracy and repression in Brazil is part of a larger story of reaction against perceived threats to traditional views of family gender moral standards and sexuality a story that continues in today s culture wars      *The Problem of Pornography* Susan Dwyer,1995 Susan Dwyer s *The Problem of Pornography* is the first anthology to present a balanced view of the scope of arguments concerning the nature of pornography and censorship Devoted exclusively to the topic Dwyer s book presents a range of feminist and other responses to pornography from influential women and men including Andrea Dworkin Catharine MacKinnon Helen Longino Ronald Dworkin Stanley Fish and John Stoltenberg By not promoting any single view *The Problem of Pornography* encourages comparison and debate This excellent collection stresses the complexity of debate surrounding free speech issues and includes chapters that address the limits of both censorship and First Amendment absolutism Dwyer s book contains a section on gay pornography a legal appendix describing central Supreme Court cases in both the United States and Canada important legal milestones including the Minneapolis Anti Pornography Ordinance Back cover      **Sex Equality** Catharine A. MacKinnon,2003 This law school casebook explores the major developments in the field Social and legal materials on sexual harassment in employment and education are presented The first half of the book examines conventional sex equality law and theory The second half extends the analysis onto social terrain not generally recognized by law as posing sex discrimination questions      *Dehexing Sex* Helena Goscilo,1996 A look at women s changing roles and images in the emerging new Russian society      *Sheehy's Manual of Emergency Care - E-Book* Emergency Nurses Association,2022-12-30 American Journal of Nursing AJN Book of the Year Awards 1st Place in Critical Care Emergency Nursing 2023 Selected for Doody s Core Titles 2024 in Emergency Care Sheehy s *Manual of Emergency Care* 8th Edition offers complete up to date coverage of the essentials emergency nurses need to know Each condition commonly seen in the emergency setting is thoroughly addressed from signs and symptoms to diagnosis treatment developmental considerations patient education and more Updated material and easy to reference contents make this resource a must have for current practice Quick reference format is ideal for updating emergency nursing knowledge and improving patient care Detailed discussions for each condition include signs and symptoms diagnosis diagnostic testing treatment interventions age developmental considerations and patient family education discharge instructions Authorship from the Emergency Nurses Association for more than 30 years ensures this book is a mainstay for best practices in emergency nursing Content
