Scholarships Guide Promo:

Digital Scholarship in the Tenure, Promotion and Review Process Deborah Lines Andersen, 2015-04-15 To receive tenure college and university professors have long been required to write scholarly monographs or articles engage in serious research and teach effectively In recent years however the emergence of digital scholarship has revolutionized and complicated the picture in unexpected ways as new electronic media have enabled academics to communicate scholarly material in innovative formats such as websites PowerPoint presentations CD ROMs and virtual reality tours Despite this growing output of sophisticated digital scholarship there has been little attempt to set standards define basic issues and concepts or integrate electronic scholarship into the tenure debate This collection of cutting edge articles marks the first effort to evaluate the place of digital scholarship in the tenure promotion and review process As a primer aimed at scholars faculty members and department chairs in the humanities social sciences and other fields as well as deans provosts and university administrators this collection examines the evolution of nontraditional scholarship analyzes the various formats and suggests guidelines for assessment on a scholarly level It also examines the impact of digital scholarship in the classroom and academy and explores new directions for the future This book will help shape policy in the murky world of tenure review and could become a central text for scholars and administrators everywhere

Online Nursing Education: A Collaborative Approach Melissa Robinson, Henny Breen, 2020-11-09 The increase of online nursing education programs has furthered the need for nursing faculty to have specific preparation for online teaching Drawing from the authors extensive experience teaching online nursing education programs Online Nursing Education A Collaborative Approach is unlike any other text It was written and designed for faculty teaching online post licensure students in a nursing education degree program post master s certificate program advanced practice program or other advanced education related degree program This unique text takes a theoretical approach and includes practical examples as well as sample curriculum course design and policies Topics covered include strategies for teaching online learning through writing in an online classroom experiential learning in online programs generational differences in online learning and more practical discussions backed by evaluation studies and qualitative research
