Personality Tails:

Through a Dog's Eyes Jennifer Arnold, 2010-08-10 A transformative inspiring book with the power to change the way we understand and communicate with our dogs Few people are more qualified to speak about the abilities and potential of dogs than Jennifer Arnold who for twenty years has trained service dogs for people with physical disabilities and special needs Through her unique understanding of dogs intelligence sensitivity and extrasensory skills Arnold has developed an exemplary training method that is based on kindness and encouragement rather than fear and submission and her results are extraordinary To Jennifer Arnold dogs are neither wolves in need of a pack leader nor babies in need of coddling rather they are extremely trusting beings attuned to their owners needs and they aim to please Stories from Arnold s life and the lives of the dogs who were her greatest teachers provide convincing and compelling testimony to her choice teaching method and make *Through a Dog s Eyes* an unforgettable book that will forever change your relationship with your dog Publishers

Weekly Homology and Systematics Robert Scotland, R. Toby Pennington, 2014-04-21 When looking at groups of organisms shared characteristics homologues provide the raw data from which hypotheses of common ancestry may be suggested In order to explore the relationship between homologues and particular hypotheses of common ancestry complex matrices are devised where homologues are coded allowing theories of homology to be developed and tested Practically nothing has been written about this matrix building process which is fundamental to our understanding of diversity and evolutionary history This book fills the gap by discussing the ways observations are coded and the consequences for resulting hypotheses using case studies and theoretical examples **Introduction to Psychology** Lionel Nicholas, 2009-04 Completely revised and updated this newly illustrated guide helps both licensed and student nurses apply the latest in psychological research and theory to their everyday lives Sensation perception cognitive processes and developmental psychology are among the topics discussed A brief history of the field and new information on HIV and AIDS are also included along with a CD ROM containing PowerPoint slides for each chapter

Politics and History in William Golding Paul Crawford, 2002 Politics and History in William Golding provides a much needed politicized and historicized reading of William Golding s novels as a counter to previous universalizing criticism Paul Crawford argues that an understanding of fantastic and carnivalesque modes in Golding s work is vital if we are to appreciate fully his interrogation of twentieth century life The fantastic and carnivalesque are foundational to both the satirical and nonsatirical approaches that mark Golding s early and late fiction No previous study has analyzed this structure that is so central to his work Politics and History in William Golding examines this writer s work more fully than it has been studied within the convoluted context of the last half of the twentieth century Crawford directly links Golding s various deployments of the fantastic and carnivalesque to historical political and social change Book Jacket **Tail biting in pigs** , 2024-08-26 This book provides a comprehensive overview of the issue of tail biting in pigs one of the most significant welfare and economic problems in the pig industry With contributions from

renowned experts in their fields it is an essential resource for both scientists and industry stakeholders Key topics include the evolutionary roots of the disorder internal and external risk factors methods that can be used to address the issue including human behavioural change and the wider economic and ethical considerations Finally evidence is provided as to how an intact tail can be used as an ice berg indicator for overall pig welfare **Personality Tails** Ruth C.
