

Perspectives on Presidential Power

▣ 1950s-1960s

- Strong = good; weak = bad

▣ 1970s

- Vietnam War
- Watergate

▣ 1980s and beyond

- Mixed feeling about presidential power

Perspectives On The Presidency

Eric Childers

Perspectives On The Presidency:

Perspectives on the Presidency Aaron B. Wildavsky, 1975 Perspectives on International Relations Henry R. Nau, 2018-01-03 Perspectives on International Relations Power Institutions and Ideas shows students new to the field how theories perspectives of international affairs realism liberalism constructivism identity and critical theory play a decisive role in explaining every day debates about world affairs Why for example do politicians and political scientists disagree about the causes of the ongoing conflict in Syria even though they all have the same facts Or why do policymakers disagree about how to deal with North Korea when they are all equally well informed The new Sixth Edition of this best seller includes updates on Brexit the rise of Donald Trump and other populist leaders and continuing developments for ISIS Syria and Russia

Vantage Point Lyndon Baines Johnson, 1971 The Presidency: a Modern Perspective Francis Howard Heller, 1960

Perspectives on the Presidency Stanley Bach, 1974 **The Modern American Presidency** Lewis L. Gould, 2009 The Modern American Presidency is a lively interpretive synthesis of 20th century leaders filled with intriguing insights into how the presidency has evolved as America rose to prominence on the world stage Gould traces the decline of the party system and the increasing importance of the media resulting in the rise of the president as celebrity 36 photos *Presidential Relations with Congress* Richard S. Conley, 2017-07-12 The presidential congressional relationship is the most important and vivid of all the inter branch relationships It defines presidential activities priorities and successes No president from Eisenhower to Nixon to Reagan has been able to ignore or denigrate that relationship Presidential Relations with Congress provides a succinct analysis of contemporary presidential congressional relations in the post World War II era Richard S Conley underscores what scholars have learned about presidents interactions with Congress over time the factors that account for success and the methodologies that can measure success He weaves the bargaining institutional constraint and personality perspectives of presidential relations with Congress alongside case studies of individual presidents approaches including agenda success veto politics and Supreme Court nominations Presidential Relations with Congress emphasizes the changing nature of internal dynamics in Congress as well as the importance of party control of both the White House and Capitol Hill This engaging addition to the Presidential Briefings series provides students scholars and observers of presidential politics with an accessible and readable tool for analyzing and evaluating presidents varied styles successes and failures in their relationships with Congress Each chapter features specific examples of past presidents approaches to influencing Congress The Virginia Papers on the Presidency , 1979 **The American Presidency** Wilfried Mausbach, Dietmar Schloss, Martin Thunert, 2012 Understanding the presidency of the United States requires taking seriously the role that individuals play in history but at the same time also taking seriously the realization that individual presidents are bound by legal and institutional structures as well as by cultural and economic forces often beyond their control This is why the task of this book is to characterize the modern American presidency from a variety of academic disciplines such as

history political science and cultural studies as well as from different theoretical approaches The essays collected in this volume grew out of conference papers held at the 2008 Annual Meeting of the German Association for American Studies DGfA which was held in Heidelberg between May 15 and 18 2008 Many essays are deliberately interpretive some offer assessments of individual presidents and of particular events others are more contextual and focus on presidential performance on presidential rhetoric or on representations of the presidency in fiction film and drama

Presidential Leadership George C. Edwards III, Kenneth R. Mayer, Stephen J. Wayne, 2024-01-24 This classic text on the American presidency analyzes the institution and the presidents who hold the office through the key lens of leadership Edwards Mayer and Wayne explain the leadership dilemma presidents face and their institutional political and personal capacities to meet it Two models of presidential leadership help us understand the institution one in which a strong president dominates the political environment as a director of change and another in which the president performs a more limited role as facilitator of change Each model provides an insightful perspectives to better understand leadership in the modern presidency and to evaluate the performance of individual presidents With no simple formula for presidential success and no partisan perspective driving the analysis the authors help us understand that presidents and citizens alike must understand the nature of presidential leadership in a pluralistic system in which separate institutions share powers This fully revised thirteenth edition is fully updated through the Biden administration with recent policy developments the 2022 midterm elections changes to the media environment and the latest data

Guide to the Presidency Michael Nelson, 2015-05-01 The Guide to the Presidency is an extensive study of the most important office of the U S political system Its two volumes describe the history workings and people involved in this office from Washington to Clinton The thirty seven chapters of the Guide arranged into seven distinct subject areas ranging from the origins of the office to the powers of the presidency to selection and removal cover every aspect of the presidency Initially dealing with the constitutional evolution of the presidency and its development the book goes on to expand on the history of the office how the presidency operates alongside the numerous departments and agents of the federal bureaucracy and how the selection procedure works in ordinary and special circumstances Of special interest to the reader will be the illustrated biographies of every president from Washington to the present day and the detailed overview of the vice presidents and first ladies of each particular office Also included are two special appendices one of which gathers together important addresses and speeches from the Declaration of Independence to Clinton s Inaugural Address and another which provides results from elections and polls and statistics from each office

Views and Estimates of Committees of the House (together with Supplemental and Minority Views) on the Congressional Budget for Fiscal Year ... United States. Congress. House. Committee on the Budget, 2007

College Identity Sagas Eric Childers, 2012-07-06 In an increasingly homogeneous higher education landscape does organizational identity still matter Specifically church related higher education has experienced seismic shifts since the mid 1960s Framed

by emerging research on organizations and theories of isomorphism this book traces the forty year narratives of three colleges of the Evangelical Lutheran Church in America Concordia College Gettysburg College and Lenoir Rhyne University Are these schools seeking to preserve their religious identities and if so what organizational strategies are supporting these efforts In depth personal interviews rigorous document analysis and thoughtful observation give voice to the three stories detailed in College Identity Sagas For those interested in distinctive colleges religiously affiliated higher education and organization and institutional theories this book is a vital resource

Outlook and Independent ,1897 **The Social Media President** J. Katz,M. Barris,A. Jain,2013-12-18 The proliferation of social media has altered the way that people interact with each other leveling the channels of communication to allow an individual to be friends with a sitting president In a world where a citizen can message Barack Obama directly this book addresses the new channels of communication in politics and what they offer

The Vantage Point Lyndon Baines Johnson (Politiker, USA),1969 **Pakistan Political Perspective** ,1997 Arab Perspectives ,1985 **The American Presidency** Kenneth W. Thompson,1986 Perspectives from abroad have long been a source of enlightenment and understanding for Americans wishing to reflect their society and political system Up to the present students in classrooms had to go back to Alexis de Tocqueville and Lord Bryce for profound insights on American politics A more current view is found in the papers which constitute this second volume in the series These papers were presented at the Miller Center in the period 1986 88 The contributors to this volume view the American presidency from diverse perspectives while having in common the status of observers from outside the United States Their insights grow out of their national perspectives Contents The American Presidency Viewed From Australia The American Presidency Some Soviet Perspectives The Presidency A View From England The Presidency Viewed From the Middle East Democratic Leadership in the Electronic Age The Presidency Reflections on the American and Australian Political Settings Co published with the Miller Center of Public Affairs

Political Science American Political Science Association. Meeting,1986 If at one time we thought that the movement to science would yield unification of the discipline it is now apparent that there are many roads to science Still it is important for us to consider yet again what the appropriate goals are for our scientific enterprise What works in theory building induction and deduction prediction and control the search for useful principles to guide us examining these questions we can build a better science Political science has come so far as a discipline that different schools and scholars have different interpretations of science in the study of politics and that diversity is important to maintain Advances made in the study of political institutions and behavior are described in 12 essays from the 1983 annual meeting of the American Political Science Association They do not employ any single approach to the study of the science of politics Taken as a whole they illustrate the multiplicity of interpretations that are presently given to the common enterprise
