**Hans-Bernd Schäfer**

## **Pervasive Prejudice Unconventional Evidence Of Race And Gender Discrimination:**

**Pervasive Prejudice?** Ian Ayres, 2003-10-15 If you're a woman and you shop for a new car will you really get the best deal? If you're a man will you fare better? If you're a black man waiting to receive an organ transplant will you have to wait longer than a white man? In *Pervasive Prejudice* Ian Ayres confronts these questions and more. In a series of important studies he finds overwhelming evidence that in a variety of markets retail car sales bail bonding kidney transplantation and FCC licensing blacks and females are consistently at a disadvantage. For example when Ayres sent out agents of different races and genders posing as potential buyers to more than 200 car dealerships in Chicago he found that dealers regularly charged blacks and women more than they charged white men. Other tests revealed that it is commonly more difficult for blacks than whites to receive a kidney transplant because of federal regulations. Moreover Ayres found that minority male defendants are frequently required to post higher bail bonds than their Caucasian counterparts. Traditional economic theory predicts that free markets should drive out discrimination but Ayres's startling findings challenge that position. Along with empirical research Ayres offers game theoretic and other economic methodologies to show how prejudice can enter the bargaining process even when participants are supposedly acting as rational economic agents. He also responds to critics of his previously published studies included here. These studies suggest that race and gender discrimination is neither a thing of the past nor merely limited to the handful of markets that have been the traditional focus of civil rights laws.

*Internationalisierung des Rechts und seine ökonomische Analyse Internationalization of the Law and its Economic Analysis* Hans-Bernd Schäfer, 2008-06-12 Die ökonomische Analyse des Rechts durchdringt heute sämtliche Rechtsgebiete vom allgemeinen Zivilrecht über das Wirtschaftsrecht bis hin zu den verfassungsrechtlichen Grundlagen. Vor dem Hintergrund von Europäisierung und Internationalisierung des Rechts beschließen sich 59 namhafte Rechtswissenschaftler und Ökonomen aus 15 Ländern mit aktuellen Grundsatzfragen und künftigen Perspektiven der ökonomischen Analyse des Rechts. The interrelationship of law and economics has penetrated several areas of law including general civil law business law as well as constitutional law. 59 renowned legal scholars and economists of 15 countries discuss current fundamental issues in law and economics as well as its future perspectives. A special focus is placed on the Europeanisation and the internationalisation of the law.

**Blink** Malcolm Gladwell, 2024-03-17 Ein Kunstexperte sieht eine 10 Millionen Dollar teure Skulptur und erkennt sofort dass sie eine Fälschung ist. Ein Psychologe weiß innerhalb von Minuten ob ein Paar zusammenbleiben wird. Ein Feuerwehrmann in einem brennenden Gebäude spricht plötzlich dass er sofort raus muss. In diesem Buch geht es um diese Momente in denen wir etwas wissen ohne zu wissen warum. Der Bestsellerautor Malcolm Gladwell erforscht das Phänomen dieser Blink Momente und zeigt dass ein schnelles Urteil oft weitaus effektiver sein kann als eine vorsichtige Entscheidung. Wenn Sie Ihrem Instinkt vertrauen so zeigt er werden Sie nie wieder auf dieselbe Art und Weise denken. Denn wie wir denken ohne zu denken erklärt warum manche Menschen brillante Entscheider sind während andere nahezu immer

danebenliegen Blink veranschaulicht dass die besten Entscheider nicht diejenigen sind die am meisten Informationen verarbeiten oder die l ngste Zeit mit berlegungen verbringen sondern diejenigen welche die Kunst des thin slicing perfektioniert haben das Herausfiltern der wenigen Faktoren die wirklich wichtig sind aus einer berw ltigenden Anzahl von Variablen

**The Handbook of Dispute Resolution** Michael L. Moffitt, Robert C. Bordone, 2012-06-28 This volume is an essential cutting edge reference for all practitioners students and teachers in the field of dispute resolution Each chapter was written specifically for this collection and has never before been published The contributors drawn from a wide range of academic disciplines contains many of the most prominent names in dispute resolution today including Frank E A Sander Carrie Menkel Meadow Bruce Patton Lawrence Susskind Ethan Katsh Deborah Kolb and Max Bazerman The Handbook of Dispute Resolution contains the most current thinking about dispute resolution It synthesizes more than thirty years of research into cogent practitioner focused chapters that assume no previous background in the field At the same time the book offers path breaking research and theory that will interest those who have been immersed in the study or practice of dispute resolution for years The Handbook also offers insights on how to understand disputants It explores how personality factors emotions concerns about identity relationship dynamics and perceptions contribute to the escalation of disputes The volume also explains some of the lessons available from viewing disputes through the lens of gender and cultural differences

**Equality and Transparency** D. Sabbagh, 2007-08-20 Can affirmative action policies be convincingly justified And how have they been legitimized over time In a pluridisciplinary perspective at the intersection of political theory and the sociology of law Daniel Sabbagh criticizes the two prevailing justifications put forward in favor of affirmative action the corrective justice argument and the diversity argument He defends the policy instead as an instrument designed to bring about the deracialization of American society In this respect however affirmative action requires a measure of dissimulation in order to succeed Equality and Transparency explains why this is so and provides a new interpretation of the strategic component in the Supreme Court s case law while identifying some of its most remarkable side effects

**Handbook of Law and Economics** A. Mitchell Polinsky, Steven Shavell, 2007-11-07 Law can be viewed as a body of rules and legal sanctions that channel behavior in socially desirable directions for example by encouraging individuals to take proper precautions to prevent accidents or by discouraging competitors from colluding to raise prices The incentives created by the legal system are thus a natural subject of study by economists Moreover given the importance of law to the welfare of societies the economic analysis of law merits prominent treatment as a subdiscipline of economics This two volume Handbook is intended to foster the study of the legal system by economists The two volumes form a comprehensive and accessible survey of the current state of the field Chapters prepared by leading specialists of the area Summarizes received results as well as new developments

Cases and Materials on Employment Discrimination, 2005 Supplement Zimmer, Bradley, Michael J. Zimmer, Charles A. Sullivan, Rebecca Hanner White, 2005-08-19 Employment Discrimination Case Supplement with Selected
