**Paul and the Gospels** Michael F. Bird, Joel Willitts, 2013-05-01 This volume which collects together the work of several established scholars attempts to situate the Apostle Paul the Pauline writings and the earliest Christian Gospels together in the context of early Christianity It addresses the issue of how the Christianity depicted in and represented by the individual Gospels relates to the vision of Christianity represented by Paul and the Pauline writings This raises such questions as to what extent did Paul influence the canonical and non canonical Gospels In what way are the Gospels reactions to Paul and his legacy A comparison of the Gospels and Paul on topics such as Old Testament Law Gentile mission Christology and early church leadership structures represents a fruitful area of study While a number of volumes have appeared that attempt to assess the relationship between the historical Jesus and the Apostle Paul relatively few studies on Paul and the Gospels have been published This volume excellently fills this gap in New Testament Studies and makes a valuable contribution to studies on Christian Origins Pauline research and the Gospels

**Simon Peter in Scripture and Memory** Markus Bockmuehl, 2012-11-01 After Jesus Peter is the most frequently mentioned individual both in the Gospels and in the New Testament as a whole He was the leading disciple the rock on which Jesus would build his church How can we know so little about this formative figure of the early church World renowned New Testament scholar Markus Bockmuehl introduces the New Testament Peter by asking how first and second century sources may be understood through the prism of living memory among the disciples of the apostolic generation and the students of those disciples He argues that early Christian memory of Peter underscores his central role as a bridge building figure holding together the diversity of first century Christianity Drawing on more than a decade of research Bockmuehl applies cutting edge scholarship to the question of the history and traditions of this important but strangely elusive figure Bockmuehl provides fresh insight into the biblical witness and early Christian tradition that New Testament students and professors will value

**Peter in the Gospel of John** Brad Blaine, 2007 [Biblical Commentary on the Gospels and on the Acts of the Apostles](#), 1871

**Ancient Apocryphal Gospels** Markus Bockmuehl, 2017-01-17 In this reader friendly guide Markus Bockmuehl offers a sympathetic account of the ancient apocryphal Gospel writings showing their place within the reception history and formation of what was to become the canonical fourfold Gospel Bockmuehl begins by helping readers understand the early history behind these noncanonical Gospels before going on to examine dozens of specific apocryphal texts He explores the complex oral and intertextual relationships between the noncanonical and canonical Gospels maintaining that it is legitimate and instructive to read the apocryphal writings as an engagement with the person of Jesus that both presupposes and supplements the canonical narrative outline Appropriate for pastors and nonspecialists this work offers a fuller understanding of these writings and their significance for biblical interpretation in the church
