*Launch! Advertising and Promotion in Real Time* Michael Solomon, 2009 Launch Advertising and Promotion is written for advertising and promotion courses taught to students in the business school and journalism mass communication students This textbook is the first of its kind to teach advertising concepts by reverse engineering a real advertising campaign from beginning to end In April 2007 SS K an innovative New York City communications agency launched the first ever branding campaign for msnbc com with the tag A Fuller Spectrum of News Launch follows that campaign from initial agency pitch through roll out of print and media assets to post campaign analysis Throughout it exposes readers to the theory and concepts of advertising and promotion and the personalities and decisions that drove this campaign The book takes a rare look behind the curtain even letting you see some of the paths not chosen by the agency and client Students get a realistic sense of how theory plays out in practice and get a flavor for the exciting field of advertising and promotion And they consistently learn the perspectives of both the advertising agency where many journalism and communications students will work and the client where many marketing majors will work This is a unique book with a unique perspective by a unique author team and you won't find this kind of insight in any other text on the market We think you're going to love it This textbook has been used in classes at Ball State University Emerson College Florida Institute of Technology Grand Valley State University Johnson County Community College Manchester Business School McLennan Community College Michigan State University North Hennepin Community College Pierce College Rochester Institute of Technology Saint Louis University Salem State College South Dakota State University Texas State University Texas Tech University University of New Hampshire University of North Carolina University of Notre Dame University of South Florida Virginia Tech Western Kentucky University

**Bizarre Film Promotions** Zuri Deepwater, AI, 2025-03-29 Bizarre Film Promotions explores the fascinating world of movie marketing dissecting both successful and disastrous campaigns to understand what makes them tick The book emphasizes that while creativity is key in the competitive entertainment market a deep understanding of the target audience and a careful assessment of risk are crucial for effective film promotion One intriguing fact explored is how some campaigns despite their unconventional nature resonated deeply with audiences leading to unexpected box office success Another insight reveals how certain promotional strategies though innovative backfired due to cultural insensitivity or misjudged audience expectations The book's approach is built on three pillars creative campaign development risk assessment and post campaign analysis It examines various case studies from different eras and genres to provide actionable insights The book begins by introducing foundational marketing principles and tracing the evolution of film promotion Subsequent sections meticulously analyze case studies grouped thematically by strategic approach and outcome The book concludes by synthesizing findings and offering practical guidelines for industry professionals highlighting the importance of audience research and ethical considerations in the realms of management film and business

Odd Film Promotions Ethan

Parker, AI, 2025-03-29 *Odd Film Promotions* explores the intriguing world of movie marketing focusing on unconventional and sometimes ethically questionable campaigns. It delves into how studios have pushed boundaries to capture audience attention, examining both successful and failed strategies. The book highlights the evolution from traditional advertising to immersive experiences while also scrutinizing ethical considerations in manipulating public perception. For example, the Blair Witch Project's fake documentary approach generated buzz but also blurred the line between reality and fiction. The book analyzes various case studies tracing the history of film advertising and exploring examples like the scavenger hunt for AI Artificial Intelligence. It considers the impact of these marketing trends on audience expectations and the relationship between filmmakers and audiences. By drawing connections to media psychology, public relations, and business ethics, the book offers an interdisciplinary perspective useful for film students, marketing professionals, and anyone interested in the intersection of entertainment, advertising, strategies, and consumer behavior. The book adopts an analytical tone, presenting compelling stories and insights across its chapters. From historical context to various case studies, it culminates by examining the broader implications of marketing trends in today's digital age. Ultimately, *Odd Film Promotions* argues that while innovation is crucial, transparency is essential for maintaining audience trust.

**A European Television Fiction Renaissance** Luca Barra, Massimo Scaglioni, 2020-11-29 This book maps the landscape of contemporary European premium television fiction, offering a detailed overview of both the changes in the digital production and distribution and the emergence of specific national and transnational case histories. Combining a media production approach with a textual and audience analysis, the volume offers a complex stratified systemic view of ongoing aesthetic, sociocultural, and industrial developments in contemporary European TV. With contributions from leading experts in the field, the book first offers an overview of the industrial policy and cultural context for the renaissance of European television drama over the past decade based on original comparative research. This research is then supported by case study chapters from the key contexts within which quality European television is being produced, offering a complex and complete picture of the industry's strengths and limitations, its traditions and trends, its constraints, and future perspectives. *A European Television Fiction Renaissance* is a must-read book for TV scholars working across Europe and beyond in the areas of media studies, international communications, and television studies, media industries studies, production studies, European studies, and media policy studies, as well as for those with an interest in television drama, Netflix, globalisation, pay TV, and on demand.
