Post-Reformation Reformed Dogmatics

*Volume 1: The Christian God
and the Christian Church*

RICHARD A.
MULLER

Post Reformation Reformed Dogmatics The Divine Essence And Attributes

Richard Alfred Muller

Post Reformation Reformed Dogmatics The Divine Essence And Attributes:

Post-Reformation Reformed Dogmatics Richard A. Muller, 2003-08 A major study reevaluating the primary sources of the post Reformation period to determine how consistent they are with the thinking of the Reformers on the divine essence and attributes *Post-Reformation Reformed Dogmatics: The divine essence and attributes* Richard Alfred Muller, 2003

Petrus Martyr Vermigli in Zürich (1556-1562) Michael Baumann, 2016-01-18 The Italian reformer Peter Martyr Vermigli 1499 1561 arrived in Zurich in 1556 after long years of fleeing from the Roman inquisition and taught there as professor of Old Testament studies Moreover he took part in the religious colloquy of Poissy as a church diplomat and became an important collaborator of Heinrich Bullinger and Johannes Calvin Michael Baumann examines the biography of Vermigli's last years his theology trained in late medieval scholasticism but reasoning biblically as a reformed theologian and Vermigli's impact on Zurich's church history Jonathan Edwards's Theology: A Reinterpretation Kyle C. Strobel, 2012-11-29 This volume provides an interpretative key to Jonathan Edwards's theology developed from within his own doctrinal constructs Strobel offers a dogmatic exposition of Edwards's theology by unveiling the trinitarian architecture of his thought Building upon this analysis Strobel applies his construct to reinterpret three key areas of redemption debated widely in the secondary literature spiritual knowledge regeneration and religious affection In order to achieve this purpose Strobel's approach is theological rather than philosophical employing Edwards's self confession as a Reformed theologian to guide his analysis In advancing a theological reading of Edwards Strobel focuses on the systematic nature of Edwards's theology ordering it according to his doctrinal affirmations This necessitates as many Edwards scholars now affirm a primary focus on Edwards's trinitarian theology where the Trinity serves as the key ontological principle which orders the whole of his doctrinal construction By grounding the interpretive key in Edwards's understanding of the Trinity Strobel's idiosyncratic exposition of his doctrine of the Trinity serves to recast Edwards's theology in a new light **The Orders of Nature and Grace**

Seung-Joo Lee, 2024-03-04 This extended study of Thomistic concepts in the work of Franciscus Junius 1545 1602 is the first English monograph on Junius's theology in more than 40 years and the first analysis of his use of Thomistic moral concepts On a broad level this project investigates the reception of Thomistic ideas in the early modern Reformed tradition On a narrow level this study contributes to an examination of Junius's moral theology itself *After Arminius* Thomas H. McCall, Keith D. Stanglin, 2020-11-02 Inspired by the ideas of the Dutch theologian Jacob Arminius Arminianism was the subject of important theological controversies in the seventeenth and eighteenth centuries and still today remains an important position within Protestant thought What became known as Arminian theology was held by people across a wide swath of geographical and ecclesial positions This theological movement was in part a reaction to the Reformed doctrine of predestination and was founded on the assertion that God's sovereignty and human free will are compatible More broadly it was an attempt to articulate a holistic view of God and salvation that is grounded in Scripture and Christian tradition as well

as adequate to the challenges of life First developed in European British and American contexts the movement engaged with a wide range of intellectual challenges While standing together in their common rejection of several key planks of Reformed theology supporters of Arminianism took varying positions on other matters Some were broadly committed to catholic and creedal theology while others were more open to theological revision Some were concerned primarily with practical matters while others were engaged in system building as they sought to articulate and defend an over arching vision of God and the world The story of Arminian development is complex yet essential for a proper understanding of the history of Protestant theology The historical development of Arminian theology however is not well known In After Arminius Thomas H McCall and Keith D Stanglin offer a thorough historical introduction to Arminian theology providing an account that will be useful to scholars and students of ecclesiastical history and modern Christian thought **Charles Hodge** Ryan M.

McGraw,2023-01-23 Most scholars of Reformed orthodoxy devote little attention to the nineteenth century and most students of nineteenth century Reformed thought bypass the influence of Reformed orthodox ideas on their subjects Aligning himself with Reformed theology in nineteenth century America Charles Hodge s writings are an ideal place to bring such studies together Hodge s American context and Reformed identity illustrate the persistence and change of Reformed ideas in a post Enlightenment context Encompassing philosophy science and theology Ryan M McGraw traces the development of Hodge s ideas with an eye both to Reformed orthodoxy and to American thought **Neue Zeitschrift für systematische Theologie und Religionsphilosophie** ,2006 Christianity, Ethics and the Law Zachary R. Calo,Joshua Neoh,A. Keith

Thompson,2022-12-30 This book examines how Christian love can inform legal thought The work introduces love as a way to advance the emergent conversation between constructive theology and jurisprudence that will also inform conversations in philosophy and political theory Love is the central category for Christian ethical understanding Yet the growing field of law and religion and relatedly law and theology rarely addresses how love can shape our understanding of law This reflects in part a common assumption that law and love stand in necessary tension Love applies to the private and the personal Law by contrast applies to the public and the political realms governed by power It is thus a mistake to envisage love as having anything but a negative relationship to law This conclusion continues to govern Christian understandings of the meaning and vocation of law The animating idea of this volume is that the concept of love can and should inform Christian legal thought The project approaches this task from the perspective of both historical and constructive theology Various contributions examine how such thinkers as Augustine Aquinas and Calvin utilised love in their legal thought These essays highlight often neglected aspects of the Christian tradition Other contributions examine Christian love in light of contemporary legal topics including civility forgiveness and secularism Love the book proposes not only matters for law but can transform the terms on which Christians understand and engage it The book will be of interest to academics and researchers working in the areas of legal theory law and religion law and philosophy legal history theology and religious studies and political theory

Mid-America Journal of Theology ,2007 Radical Orthodoxy and the Reformed Tradition James K. A. Smith,James H. Olthuis,2005 Leading scholars highlight the growing dialogue between proponents of Radical Orthodoxy and thinkers in the Reformed tradition Recovering Theological Hermeneutics Jens Zimmermann,2004 Offers a constructive and corrective reading of a wide range of interpreters Augustine Luther Gadamer and more **The History of Western Philosophy of Religion: Early modern philosophy of religion** Graham Oppy,Nick Trakakis,2009 **Theological Epistemology of Contemporary American Confessional Reformed Apologetics** Juha Ahvio,2005 *Forthcoming Books* Rose Arny,2003-04 **Works of Jonathan Edwards** Jonathan Edwards,2008 **Books in Print Supplement** ,2002
Internationale Bibliographie der Rezensionen wissenschaftlicher Literatur ,2006 Reformed Orthodoxy and Philosophy, 1625-1750 Aza Goudriaan,2006 Secrets come in all shapes and sizes And for families as well as individuals they are built on a complex web of shifting motives and emotions In fact what we choose to share or to keep silent about can affect for better or worse our health our work our relationships our future Evan Imber Black describes how to maintain a balance between candor and caution to ensure that secrets remain a creative rather than a destructive force in our lives Filled with moving first person stories The Secret Life of Families provides perspective on some of today s most sensitive personal and social issues BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
