Postcard Century Cards And Their Messages 1900 2000:

Das Medium Postkarte Anett Holzheid, 2011-09-07 Mit diesem Buch wird die Postkarte als Kommunikationsmedium erstmals zum zentralen Untersuchungsgegenstand erhoben und ihre spezifische Entstehungs sowie Nutzungsgeschichte rekonstruiert Für den Zeitraum von 1850 bis 1920 wird die Postkarte als eigenständige Kommunikationsform in Abgrenzung zu Vorläufer und Komplementärmedien porträtiert und ihre funktionale Entwicklung als Universalkorrespondenzmittel nachgewiesen In Anwendung eines mehrdisziplinären Analyseverfahrens werden die spezifischen Mediencharakteristika untersucht die Verbindung aus Privatheit und Öffentlichkeit aus Konventionalität und Originalität sowie die potenzielle Offenheit für multikodale Botschaften aus sprachlichen und bildlichen Zeichen Eine kulturgeschichtliche Perspektivierung belegt den signifikanten Stellenwert der Postkarte für die Kommunikationskultur des frühen 20. Jahrhunderts sowie ihre Vorläuferfunktion für moderne Kurzkommunikation Es zeigt sich dass die Postkarte als Symptom für einen tiefgreifenden Modernisierungswandel angesehen werden muss Das kommunikative Kleinformat beinhaltet grundlegende Aspekte von Beschleunigung Formen der Vergesellschaftung Mobilität Intimität und Fernbeziehungen American Holiday Postcards, 1905-1915 Daniel Gifford, 2013-09-05 In the early 20th century postcards were one of the most important and popular expressions of holiday sentiment in American culture Millions of such postcards circulated among networks of community and kin as part of a larger American postcard craze However their uses and meanings were far from universal This book argues that holiday postcards circulated primarily among rural and small town Northern white women with Anglo Saxon and Germanic heritages Through analysis of a broad range of sources Daniel Gifford recreates the history of postcards to account for these specific audiences and reconsiders the postcard phenomenon as an image based conversation among exclusive groups of Americans A variety of narratives are thus revealed the debates generated by the Country Life Movement the empowering manifestations of the New Woman the civic privileges of whiteness and the role of emerging technologies From Santa Claus to Easter bunnies flag waving turkeys to gun toting cupids holiday postcards at first seem to be amusing expressions of a halcyon past Yet with knowledge of audience and historical conflicts this book demonstrates how the postcard images reveal deep divides at the height of the Progressive Era Art Therapy in Museums and Galleries Ali Coles, Helen Jury, 2020-02-21 This is the first book to explore and evaluate the potential of museum and gallery spaces and partnerships for art therapy Showcasing approaches by well known art therapists the edited collection contains descriptions of and reflections on art therapy in museums and galleries around the globe Case studies encompass a broad range of client groups including people with dementia refugees and clients recovering from substance abuse exploring the therapeutic skills required to work in these settings The collection also establishes the context for art therapy in museums and galleries through reviewing key literature and engaging with the latest research to consider wider perspectives on how these spaces inform therapeutic practice Offering a comprehensive look at ways in which these locations enable novel and creative

therapeutic work this is an essential book for art therapists arts and health practitioners and museum professionals

Provenance and Early Cinema Joanne Bernardi, Paolo Cherchi Usai, Tami Williams, Joshua Yumibe, 2021-02-01 Remnants of early films often have a story to tell As material artifacts these film fragments are central to cinema history perhaps more than ever in our digital age of easy copying and sharing If a digital copy is previewed before preservation or is shared with a researcher outside the purview of a film archive knowledge about how the artifact was collected circulated and repurposed threatens to become obscured When the question of origin is overlooked the story can be lost Concerned contributors in *Provenance and Early Cinema* challenge scholars digging through film archives to ask How did these moving images get here for me to see them This volume which features the conference proceedings from Domitor the International Society for the Study of Early Cinema 2018 questions preservation attribution and patterns of reuse in order to explore singular artifacts with long and circuitous lives

Postcards from the Río Bravo Border Daniel D. Arreola, 2013-08-01 A history in postcards of Mexican tourist towns in the first half of the twentieth century with nearly two hundred illustrations Between 1900 and the late 1950s Mexican border towns came of age both as tourist destinations in some cases by luring Americans who wanted to escape Prohibition and as emerging cities Commercial photographers produced thousands of images of their streets plazas historic architecture and tourist attractions which were reproduced as photo postcards Daniel Arreola has amassed one of the largest collections of these border town postcards and in this book he uses this amazing visual archive to offer a new way of understanding how the border towns grew and transformed themselves in the first half of the twentieth century as well as how they were pictured to attract American tourists *Postcards from the Río Bravo Border* presents nearly two hundred images of five towns on the lower Río Bravo Matamoros Reynosa Nuevo Laredo Piedras Negras and Villa Acuña Using multiple images of sites within each city Arreola tracks changes both within the cities as places and in the ways in which they have been pictured for tourist consumption He also shows how postcard images when systematically and chronologically arranged can tell us a great deal about how Mexican border towns have been viewed over time This innovative visual approach demonstrates that historical imagery no less than text or maps can be assembled to tell a fascinating geographical story This is masterful cultural geography with rich visual materials delivered in a unique and compelling fashion *Journal of Latin American Geography*

Postcards of the Night John A. Jakle, 2003 Illustrated with eighty vintage city postcards made between the turn of the twentieth century and through the 1970s with the emphasis on the first four decades historical geographer John A. Jakle turns his attention to early twentieth century nocturnal views of America's cities and to the role of the picture postcard in popular culture Postcard images the author writes offered important visual fixes mental templates for visualising cities the vista of a downtown street at night or a bird's eye view of a vividly lit downtown or the dramatic lighting of monuments and other architectural landmarks As a result the popularity and proliferation of the penny postcard influenced how Americans thought about cities as landscape displays
