## Poster Of Civil War:

**The Palette and the Flame** John Tisa, 1980      **The personality cult of Stalin in Soviet posters, 1929-1953** Anita Pisch, 2016-12-16 From 1929 until 1953 Iosif Stalin's image became a central symbol in Soviet propaganda. Touched up images of an omniscient Stalin appeared everywhere: emblazoned across buildings and lining the streets, carried in parades and woven into carpets, and saturating the media of socialist realist painting, statuary, monumental architecture, friezes, banners, and posters. From the beginning of the Soviet regime, posters were seen as a vitally important medium for communicating with the population of the vast territories of the USSR. Stalin's image became a symbol of Bolshevik values and the personification of a revolutionary new type of society. The persona created for Stalin in propaganda posters reflects how the state saw itself or, at the very least, how it wished to appear in the eyes of the people. The Stalin who was celebrated in posters bore but scant resemblance to the man Iosif Vissarionovich Dzhugashvili, whose humble origins, criminal past, penchant for violent solutions, and unprepossessing appearance made him an unlikely recipient of uncritical, charismatic adulation. The Bolsheviks needed a wise, nurturing, and authoritative figure to embody their revolutionary vision and to legitimate their hold on power. This leader would come to embody the sacred and archetypal qualities of the wise Teacher, the Father of the nation, the great Warrior, and military strategist, and the Saviour of first the Russian land and then the whole world. This book is the first dedicated study on the marketing of Stalin in Soviet propaganda posters. Drawing on the archives of libraries and museums throughout Russia, hundreds of previously unpublished posters are examined, with more than 130 reproduced in full colour. **The personality cult of Stalin in Soviet posters, 1929-1953** is a unique and valuable contribution to the discourse in Stalinist studies across a number of disciplines.

**Soviet and Nazi Posters** Kees Boterbloem, Lisa Pine, 2025-01-23 This book examines the key content and propaganda value of posters in the dictatorships of Stalin's USSR, 1927-53, and Hitler's Germany, 1933-43, using posters as a point of entry for discussing key Soviet and Nazi policies. In so doing, **Soviet and Nazi Posters** provides a compelling account of the posters utilised by both regimes for the first time. Kees Boterbloem and Lisa Pine employ a comparative approach throughout, analysing commonalities and differences and inspecting the regimes' use of posters as propaganda. Richly illustrated with 50 images, 25 of which are in colour, **Soviet and Nazi Posters** encourages the development of vital source skills in the pursuit of understanding the complexities of 20th-century European dictatorships. What do these posters yield to the historian? What do they tell us about the regimes and their intentions? Ultimately, they offer a compelling visual point of entry into Nazism and Stalinism, here explored in rewarding detail. Boterbloem and Pine convincingly make the case that the use of posters as a medium of propaganda by Stalin and Hitler was advanced at the time and far-reaching. The poster campaigns were very powerful in terms of the impact on their populations and point to how the regimes could influence people outside their homes and in public places to support the regimes and their policies. The book looks at specific posters to discuss key regime policies associated with them, and this

offers us new insights into the nature of these authoritarian governments and the way in which they addressed their populations Off the Wall Zeina Maasri, 2008-12-15 In this illustrated work Zeina Maasri tells the tumultuous story of the struggle for Lebanon through the poster wars which raged on its streets From 1975 to 1990 different factions in Lebanon's civil conflict flooded the streets with posters to mobilize their constituencies undermine their enemies and create public sympathy for their cause Showcased here for the first time the posters display a dramatic clash of cultures ideologies and meanings Maasri shows how the iconography of the posters changed over time and links this to changing political identities and communities as the war progressed She looks at the aesthetic influences of different groups from modern Arab visual culture to as far afield as Latin America and revolutionary Iran She urges a radical rethink of the idea and function of political posters in civil war contexts too often dismissed as mere propaganda arguing instead that they should be seen as symbolic sites of struggle every bit as fiercely **Heritage Vintage Movie Posters Signature Auction #603** ,

**Modernist Commitments** Jessica Berman, 2012-01-17 Modernism has long been characterized as more concerned with aesthetics than politics but Jessica Berman argues that modernist narrative bridges the gap between ethics and politics connecting ethical attitudes and responsibilities ideas about what we ought to be and do to active creation of political relationships and the way we imagine justice She challenges the divisions usually drawn between modernist and committed writing arguing that a continuum of political engagement undergirds modernisms worldwide and that it is strengthened rather than hindered by formal experimentation **The Civil War** , 198? *Posters of Protest and Revolution* Maurice Rickards, 1970 *The Poster Book of the Civil War* Mike Chappell, 1987 **War Posters** James Aulich, Imperial War Museum (Great Britain), 2007 Published to accompany exhibition at Imperial War Museum London opening 4 October 2007
