Postmodern Theory And Biblical Theology Vanquishing Gods Shadow:

Postmodern Theory and Biblical Theology Brian D. Ingrassia,1995-12-07 This book explores the relationship between postmodernism and Christianity Whereas deconstructionists claim all religious discourses can be radically undermined Ingrassia argues that the version of Christianity constructed by Nietzsche Heidegger and especially Derrida ignores Christianity s unique ontological status This truth Ingrassia claims is an unacknowledged influence on leading postmodernist thinkers thereby demonstrating the priority of the Judaeo Christian tradition over secular attempts to displace it

Postmodernism and the Ethics of Theological Knowledge Justin Thacker,2016-04-08 This book establishes the necessary integration of theological knowledge with theological ethics It does this as a response to the postmodern critique of Christianity as exemplified in Rorty and Lyotard They argue that any claim to know God is necessarily tyrannical Contemporary responses to such postmodern thinking often fail to address adequately the ethical critique that is made This book redresses that balance by suggesting that our knowledge of God and love of the Other are so intimately connected that we cannot have one without the other In the absence of love then we simply do not know God Justin Thacker proposes that an effective theological response to postmodernity must address both knowledge and ethics in an integrated fashion as presented in this book

A Royal Waste of Time Marva J. Dawn,1999 In this book Marva Dawn insists that churches need to engage in a serious process of community discernment concerning worship in order to employ the best tools and forms and she offers reflections to further the discussion Each part of A Royal Waste of Time begins with a sample Scripture based sermon since Dawn emphasizes that the church s worship must follow biblical guidelines and form a biblical people From publisher s description

Toward a Priestly Christology Adriani Milli Rodrigues,2018-11-02 Toward a Priestly Christology is a constructive theology on the person and work of Christ from the standpoint of a systematic thinking about his priesthood This priesthood is usually discussed in biblical scholarship on the Christology of Hebrews and also explored in

historical or systematic theology with its connections with soteriology and ecclesiology However there is a scarcity of studies that attempt to systematize this topic in its basic components and their ontological foundations in order to provide conceptual clarity for a constructive discussion of the priestly Christology in systematic theology The book makes a contribution to this discussion by engaging firstly with the main models of Christ s priesthood in Christian theology and then with a theological reading of the letter to the Hebrews In both steps the author conceptually articulates the priesthood in terms of need agent actions and goal Then he observes the conceptual articulation from the macro hermeneutical point of view of ontology especially noticing how assumptions on time and space impact the internal logic of Christ s priesthood By using existing models of this priesthood as heuristic tools for systematic thinking the work attempts to push Christian theology toward a more dynamic understanding of Christ s priesthood especially regarding the relationship between the ascended Christ and our Christian life Comptes Rendus Philosophiques ,1997 **Christianity & Literature** ,2001 Canadian

Philosophical Reviews ,1997 **Postmodernist Culture** Steven Connor,1997-01-23 This 2nd edition of Postmodernist Culture considers the work of Lyotard and Jameson and the way modern theories are impinging on more areas of culture including the law music dance ecology technology ethnography and spatial theories **Christian Scholar's Review** ,1996
