Feminist Queer Crime Fiction** Faye Stewart,2014-02-07 A marriage of mystery fiction and queer concerns queer crime
literature celebrates the pairing of the political and the sexual Queer crime fiction is a subgenre in which sex gender and
sexuality are among the mysteries to be solved Its writers use boundary crossing identities and desires to express social
critique inviting readers to interpret queer narratives as literary incursions into cultural traditions From androgynous
investigators and serial killer housewives to closeted lesbians and transgendered lovers the characters in queer mysteries are
metaphors for changing social and political relations This book reads German language crime stories as allegories about 20th
and 21st century upheavals raising questions about human behavior and justice the horrors of extremism the changing shape
of the nation and the possibilities of democracy Anchored in the historical contexts of protest cultures and countercultures of
the last three decades this study examines novels by popular feminist writers Pieke Biermann Edith Kneifl and Ingrid Noll
and unexplored works by Susanne Billig Gabriele Gelien Corinna Kawaters Katrin Kremmler Christine Lehmann and Martina
