**Poussin and France** Todd Olson, Nicolas Poussin, 2002-01-01 Nicolas Poussin perhaps the most famous French painter of the seventeenth century lived and worked for many years in Rome Yet he remained deeply engaged with cultural and political transformations occurring in France argues Todd R Olson in this original exploration of Poussin s paintings their production and their reception Poussin s references to ancient literature and sculpture addressed a political elite the Robe nobility whose humanist education in classical antiquity equipped them to relate Greek and Roman history to contemporary events and to deploy ancient precedents in legalistic and political arguments When the French civil war known as the Fronde erupted in the middle of the seventeenth century the paintings that Poussin exported to France responded directly in both subject and style to the crisis in monarchical authority and the disenfranchisement of his Robe patrons Olson demonstrates that Poussin s association with a disgraced political group his loss of official support and his exile in Italy imbued his history paintings with a symbolic weight The painter s audience considered the hardearned pleasures of his restrained difficult pictorial style a benchmark of integrity as well as a criticism of the Regency s indiscriminate collecting practices and taste for foreign luxury Poussin transformed the easel painting its making and collection into an expression of cultural and political commitments binding a community Olson s fresh insights reveal the importance of this painter s work to a learned and powerful French constituency at a critical moment in French history and demonstrate that Poussin s famously timeless style was far more responsive to historical contingencies than has been previously recognized **Poussin's Women** Troy

Thomas, 2025-10-01 Poussin s Women Sex and Gender in the Artist s Works examines the paintings and drawings of the well known seventeenth century French painter Nicolas Poussin 1594 1665 from a gender studies perspective focusing on a critical analysis of his representations of women The book s thematic chapters investigate Poussin s women in their roles as predators as lustful or the objects of lust as lovers killers victims heroines or models of virtue Poussin s paintings reflect issues of gender within his social situation as he consciously or unconsciously articulated its conflicts and assumptions A gender studies approach brings to light new critical insights that illuminate how the artist represented women both positively and negatively within the framework in his seventeenth century culture This book covers the artist s works from Classical mythology Roman history Tasso and the Bible It serves as a good overview of Poussin as an artist discussing the latest research and including new interpretations of his major works Painting as a Way of Life Richard Neer, 2025-03-19 Neer

uncovers a key moment in the history of early modern art when painting was understood to be a tool for self transformation and for living a philosophical life In this wide ranging study Richard Neer shows how French painters of the seventeenth century developed radically new ways to connect art perception and ethics Cutting across traditional boundaries of classicism and realism Neer addresses four case studies Nicolas Poussin renowned for marrying ancient philosophy and narrative painting Louise Moillon who pioneered French still life in the 1630s Georges de La Tour a painter of intense and

introspective nocturnes and the Brothers Le Nain specialists in genre and portraiture who inspired Courbet Manet and other painters of modern life Setting these artists in dialogue with Montaigne Descartes Pascal and others ranging from the studios of Rome to the streets of Paris this book provides fresh accounts of essential artworks some well known others neglected and new ways to approach the relation of art theory and daily life

**Caravaggio** Michelangelo Merisi da Caravaggio, 2006 This volume considers Caravaggio's revolutionary realism from a range of perspectives presenting new avenues for research by a plurality of leading scholars First it advances our understanding of Caravaggio's relationship with the new science of observation championed by Galileo Second it examines afresh the theoretical nature and artistic means of Caravaggio's seemingly direct realism Third it extends the horizons of research on Caravaggio's complex intellectual and social milieu between high and low cultures Genevieve Warwick is Senior Lecturer in the Art History department at the University of Glasgow

**The Moment of Caravaggio** Michael Fried, 2023-10-17 A major reevaluation of Caravaggio from one of today's leading art historians This is a groundbreaking examination of one of the most important artists in the Western tradition by one of the leading art historians and critics of the past half century In his first extended consideration of the Italian Baroque painter Michelangelo Merisi da Caravaggio 1573-1610 Michael Fried offers a transformative account of the artist's revolutionary achievement Based on the A W Mellon Lectures in the Fine Arts delivered at the National Gallery of Art The Moment of Caravaggio displays Fried's unique combination of interpretive brilliance historical seriousness and theoretical sophistication providing sustained and unexpected readings of a wide range of major works from the early *Boy Bitten by a Lizard* to the late *Martyrdom of Saint Ursula* The result is an electrifying new perspective on a crucial episode in the history of European painting Focusing on the emergence of the full-blown gallery picture in Rome during the last decade of the sixteenth century and the first decades of the seventeenth Fried draws forth an expansive argument one that leads to a radically revisionist account of Caravaggio's relation to the self-portrait of the role of extreme violence in his art as epitomized by scenes of decapitation and of the deep structure of his epoch-defining realism Fried also gives considerable attention to the art of Caravaggio's great rival Annibale Carracci as well as to the work of Caravaggio's followers including Orazio and Artemisia Gentileschi Bartolomeo Manfredi and Valentin de Boulogne Please note All images in this ebook are presented in black and white and have been reduced in size
