Portuguese Cochin The Maritime Trade:

Portuguese Cochin and the Maritime Trade of India, 1500-1663 Pius Malekandathil, 2001 The Central Purpose Of This Study Is To See What Role Did Cochin The First Political Headquarters Of The Estado Da India Till 1530 And Later Their Commercial Capital Play In Organizing The Maritime Trade Of India And How Its Trade Contributed To The Building Up Of The Universal Empire Of The Lusitanians Asian Trade And Indo European Trade Are Discussed In Detail Laying Emphasis On Merchants Routes Licences Monopoly Contrats Trade Voyages And Smuggling **Mission und Ökonomie der Jesuiten in Indien** Julia Lederle, 2009 Als 1542 die ersten Jesuiten Indien erreichten hatte die aufstrebende Seemacht Portugal bereits begonnen sich in Asien ein Weltreich aufzubauen dessen Beherrschung nach portugiesischer Auffassung mit seiner Christianisierung untrennbar verbunden war Der Jesuitenorden übernahm dabei bis zu seinem Verbot in Indien im Jahr 1759 eine führende Rolle Indes erregten seine besonderen Missionsmethoden sowohl in Europa als auch in Asien ebenso Aufmerksamkeit und Argwohn wie sein ökonomisches Wirken Die Arbeit legt dar dass sich Handeln und Scheitern der Gesellschaft Jesu in Sudasien im 18 Jahrhundert auf ökonomische politische kulturelle und religiöse Parameter in Europa und Indien zurückführen lassen So werden einheimische und europäische Konflikte in Indien ebenso beleuchtet wie die beginnende europäische Nationalisierung die bereits ihre Schatten auf den überseeischen Handel warf und sich konträr zur Multinationalisierung der Jesuiten in Südindien verhielt Die Auseinandersetzung mit der Malabar Provinz der Jesuiten im 18 Jahrhundert erlaubt dabei den Blick auf eine bis dato wenig analysierte Situation der Ordensgeschichte die exemplarisch mehr Licht in die finanzielle Situation des Ordens in Indien und seine Missionsorganisation zu bringen vermag The Indian Ocean in the Making of Early Modern India Pius Malekandathil, 2016-09-13 This volume looks into the ways Indian Ocean routes shaped the culture and contours of early modern India IT shows how these and other historical processes saw India rebuilt and reshaped during late medieval times after a long age of relative stagnation isolation and backwardness Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka

Maritime Trade of the Malabar Coast and the Portuguese in the Sixteenth Century K. S. Mathew, 2025-10-27 This volume provides a thorough investigation into the dynamics of the maritime trade conducted on the Malabar Coast and the role of the Portuguese in it It brings out several hitherto lesser known details about the part played by the Indian as well as foreign merchants The Portuguese in fact depended on the merchant financiers of Germany and Italy besides the Flemish traders right from the inception of their maritime enterprise in the Orient Copper in large quantity was imported into the Malabar Coast from various parts of Europe as part payment for the purchase of pepper and other spices from south western coast of India and for minting of coins Initially for a quarter of a century the Marakkar merchants worked as collaborators of the Portuguese on the Malabar Coast When the interest of the Marakkars was overlooked by the Portuguese in favour of the Portuguese settlers the former turned against the latter Though the Portuguese did not permit anybody else to deal in spices

and other goods declared as monopoly items for three quarters of a century they had to negotiate written contracts with the foreign merchant firms to bring cash and commodities to the Malabar Coast for direct purchases and for delivering the cargo at the India House in Lisbon against the stipulated price on the basis of these contracts Unlike the English the Dutch the Danes and the French the Portuguese conducted their trade in the name of the king *Coastal Histories* Yogesh Sharma,2010 The subject of maritime and oceanic history comprises a large corpus and includes related thematic engagements such as the history of overseas exploration and expansion naval military history shipping port cities the role of migrations and cross cultural processes This extensive field of enquiry also focuses upon the study of littoral societies or the coastal regions in understanding the influence of the ocean upon these lands The interface between the land and the sea with its several ecological and topographical variations has played an important role in determining human activity the settlement patterns and material culture in the coastal regions which taken together constitute huge masses of territories in all continents The general pattern of existence and the rhythm of life in all these dissociated regions however had considerable commonality due to the overwhelming impact of the two dominant elements water and land in shaping the destinies of its inhabitants Coastal societies have their own particular notion of identity and ambience which differentiates them from the extensive continental zones It is in this context that coastal territories and their histories constitute an interesting theme of enquiry The present volume examines a number of themes pertaining to different coastal regions of India coastal ecology commercial crops transmission of diseases fortifications port hierarchy new port towns vessels and boats fishing communities social life of women etc It should be of interest to students and scholars of maritime history of India **Urbanization in India** Mr. Rohit Manglik,2023-12-23 In this book we will study about the growth of cities in India urban planning migration slums and the social economic and environmental implications of urban development *Urban History in India* Mr. Rohit Manglik,2022-11-22 In this book we will study about the historical evolution of Indian cities colonial legacies and post independence urbanization **Rivalry and Conflict** Ernst van Veen,Leonard Blussé,2005 The rivalry between the Dutch and Portuguese in Asia is one of the classic themes of the early history of European expansion overseas Yet it is often forgotten that until the end of the sixteenth century the seafarers and traders of Portugal and The Netherlands were the best of friends and close trading partners in Europe This collection of essays seeks to explain the abrupt change in the relationship by analyzing the European interaction with the maritime world of Monsoon Asia Portuguese as well as Dutch interests political commercial and personal became closely interwoven with those of the indigenous rulers merchants and financiers The final outcome of the conflict in Asia was mainly determined by the different ways in which both parties were able to cope with the intricacies of Asian politics European Expansion in the Indian Ocean was far from a one sided affair and its history can only be understood in terms of the interaction of both Europeans and Asians involved Contributors Ernst van Veen Jacques Paviot Mafalda Soares da Cunha Walter Rossa Jo o Paulo Oliveira e Costa Arie Pos Francisco Bethencourt Om
