Seaman, 2003-09-02 This comprehensive survey of English history during the first half of the twentieth century has three main themes the political and social consequences of the replacement of the Liberal Party by the Labour Party the continuous development of the welfare state and the changes in England's imperial and international position caused by the ambitions of Germany and Japan and by the emergence of the U S A and the U S S R as world powers The leading personalities of the period are brilliantly portrayed and the issues challengingly presented *Aspects of British Political History 1914-1995* Stephen J. Lee, 2005-07-25 Directly relevant to student exam questions and courses this text examines all the major themes personalities and issues of this important period in a clear and digestible form It is also illustrated with helpful maps charts and diagrams **A Bibliography of British History, 1914-1989** Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index [British Sources of Information](#) P. Jackson, 2003-09-02 This comprehensive and versatile reference source will be a most important tool for anyone wishing to seek out information on virtually any aspect of British affairs life and culture The resources of a detailed bibliography directory and journals listing are combined in this single volume forming a unique guide to a multitude of diverse topics British politics government society literature thought arts economics history and geography Academic subjects as taught in British colleges and universities are covered with extensive reading lists of books and journals and sources of information for each discipline making this an invaluable manual **Grossbritannien und die Sowjetunion 1943-1939** Gottfried Niedhart, 1972 **Grossbritannien und die Sowjetunion 1934-1939** Gottfried Niedhart, 1972 **Evolution of the British Party System** Robert C. Self, 2014-07-30 By the end of the nineteenth century reform and development of the British electoral system had inaugurated a new style of mass politics which fundamentally transformed the face of the British party system This book traces the evolution of recognisably modern parties from their roots in the 1880s through half a century of dramatic change in organisational structure electoral competition and constitutional thought In the House of Commons the Labour Party replaced the Liberals as the radical answer to the Conservative Party In the country at large the complex web of Victorian social regional and religious allegiances gave way to a cruder but more dynamic model of modern political loyalties The transformation at Westminster and in the constituencies is surveyed in relation to changes to the franchise including the vote for women class consciousness political organisation and doctrine The comprehensive account explains the varying fortunes of the parties in the face of mass democracy collectivism the First World War and economic uncertainty It

also provides a critical insight into the debates and conflicts of interpretation which surround this pivotal period in British political history

Die Geschichte des Kanaltunnels im Wandel der anglo-französischen Beziehungen Imke Eckert, 1994 Mit der Eröffnung des anglo-französischen Großprojekts Kanaltunnel geht ein alter Traum in Erfüllung Der heutigen Realisierung der Idee Kanaltunnel gingen jedoch fast zweihundert Jahre währende Diskussionen mit zwei gescheiterten Versuchen voraus Dabei waren es weniger technische Schwierigkeiten die den Bau früher verhinderten als vielmehr politische Gründe Die Betrachtung der anglo-französischen Beziehungen vom Frieden von Amiens bis zur Mitgliedschaft Großbritanniens und Frankreichs in der EU zeigt da deutliche Parallelen zwischen der Qualität des bilateralen Verhältnisses und dem Stand der Diskussionen um den Kanaltunnel zu verzeichnen waren Diese Untersuchung erklärt durch die Offenlegung dieser Parallelen warum die beiden Staaten das Projekt erst innerhalb des gemeinsamen europäischen Rahmens erfolgreich in Angriff genommen haben
